

Democrats End Party Feud For Spring Election

LANSING (AP) — Democratic forces that stood in opposition two weeks ago, Friday spoke out for party unity to take on the Republicans in the Spring election.

It marked a truce in the feud which began over election of a state chairman at the Democratic state convention in Grand Rapids.

The factional leaders—Congressman-at-large Neil Staeble and former Gov. John B. Swainson—appealed for unity Friday at a state AFL-CIO-legislative conference here.

"We have had our differences of opinion," Staeble said. "We will talk them out in the traditional democratic way. Right now, the important thing for all of us is to get on with the winning of the Spring election."

Won in Fair Combat

Staeble and Swainson shared a sneaker's table with Zolton A. Ferency, newly-elected state Democratic chairman, and John J. Collins, the man Ferency ousted.

Also at the table were state Administrative Board members, who supported Staeble in the unsuccessful move to re-elect Collins. Ferency, a Detroit attorney and Swainson's former executive secretary, moved into the party's top spot when Swainson joined with the state's labor leaders to defy the party's old guard. Staeble, Sens. Patrick McNamara and Philip Hart and the entire State Administrative Board had supported Collins' unsuccessful bid for re-election.

Staeble's only reference to the party chairmanship wrangle was when he told the AFL-CIO delegates that he "admires Ferency very warmly." He also said the Ferency camp had won the battle in fair combat.

Cheers For Swainson

At the Democratic state convention two weeks ago, disgruntled Collins supporters had cheered Swainson with contriving a "Machiavellian plot" to get Ferency elected.

Regardless of what state Democrats felt about the maneuvering, labor leaders had their own opinions. Staeble, when entering the hall at the AFL-CIO meeting Friday, was given a cordial reception while Swainson was greeted with a much warmer reception with lots of cheering and arm waving. Earlier in the day, state AFL-CIO President August Scholle told the 1,000 delegates assembled that Gov. George Romney's election was financed by representatives of the National Association of Manufacturers, whom Scholle called "the real special interest groups."

Scholle was replying to charges made earlier by Romney that Michigan's labor organizations were "special interest groups."

Weather

Data by Weather Bureau, Escanaba and Associated Press

UPPER MICHIGAN: Mostly cloudy and not so cold with occasional light snow likely tonight; lows tonight zero to 10°. Sunday, variable cloudiness and a little colder with a few snow flurries, mostly near Lake Superior; high Sunday 6° to 18°.

OUTLOOK FOR Monday: Partly cloudy and cold.

ESCANABA AND VICINITY: Mostly cloudy and not so cold tonight with chance of snow flurries or occasional light snow; low tonight near 8°. Sunday partly cloudy with high temperature around 15°. South to southwest winds 8 to 18 mph early tonight, shifting to northwesterly late tonight and Sunday.

Khrushchev Pours Out Propaganda With Cocktails

By The Associated Press

Soviet Premier Khrushchev has wheeled back into his old favorite form of diplomacy, pushing the party line at cocktail parties.

When at a diplomatic reception Friday night he demonstratively linked Communist China with the Soviet Union as the gravedigger of capitalism, the Kremlin chief stirred memories of the days when he was the rollicking, hard-drinking star of almost every major party in Moscow.

That was when the now usually dignified Soviet leader didn't have an inhibition in the world—it did not even bother him when he had to be carried out of a reception given for the visiting Danish premier.

Nor did he worry overly much about what he said.

He commented on everything from French morals (too many prostitutes) to capitalism (we will bury you).

And the best thing for harried reporters, then working under strict censorship, was that there was no censorship on anything Khrushchev said. That changed as the premier became more staid, and nothing moved out of Moscow until he had okayed it.

Diplomats had lots of speculation on why Khrushchev slowed down from being the life of the party.

One was that he and his colleagues began to worry about Western publicity concerning his drinking; another that his doctors had warned him to cut way down.

Atomic Reactor Near Monroe To Start March 25

WASHINGTON (AP) — The Atomic Energy Commission has notified Friday that the \$95-million Enrico Fermi atomic-power reactor near Monroe will start up March 25 under present plans.

Attorney W. Graham Clayton, of the Power Reactor Development Corp., notified the AEC that the company proposes to bring the reactor to "criticality" then for the first time.

The date is a postponement from the Feb. 20 date originally selected by PRDC. Clayton explained that the reactor would not become hot enough to produce any power but just hot enough to demonstrate the fast neutron-breeding process.

Cuban Veterans Will Train With U.S. Armed Forces

WASHINGTON (AP) — The Defense Department announces today a special training program in the U.S. armed forces for Cuban veterans of the 1961 Bay of Pigs invasion.

Information on the program was disclosed in advance in Miami Friday by Jose Miro Cardona, president of the Cuban Revolutionary Council, an organization of anti-Castro refugees.

Enlistments, he said, will start next week in Miami. Training is due to begin in March at Army, Navy and Air Force bases.

Home Explosion Kills 2 Women At Monroe, Mich.

MONROE (AP) — An explosion at a home in Monroe's east side today killed two women and injured a child.

Mrs. Herbert Keck, 53, was dead at the scene when firemen arrived after the explosion rocked the neighborhood, arousing residents a mile distant.

Mrs. Dewey Beason, 44, died at Monroe General Hospital shortly after the blast. Her daughter, Donna Faye, 8, is in fair condition in the hospital with undetermined injuries.

The explosion was at 6:15 a.m. It jarred the cinderblock foundation of the home aside and most of the house collapsed into the basement.

Firemen said they learned the Beason home was heated with oil, but that the family used gas for the water heater and kitchen stove.

Beason, an employee of a paper factory here, had left home about 2 a.m., authorities learned, to take his wife's parents, Mr. and Mrs. Marion Beeler, back to Crossville, Tenn., after a visit.

Mrs. Keck had also planned to leave the Beason home today, but changed her mind at the last minute and decided to stay overnight.

Authorities said there was no reason to believe that Beason, driving toward Tennessee, knew of the accident this morning.

Harriman Lined Up For New Job

WASHINGTON (AP) — Assistant Secretary of State W. Averell Harriman is expected to get a new top-level job at the State Department under shakeup plans now being considered by President Kennedy.

Harriman, a former ambassador to Russia and Britain, would take over the no. 3 spot at State—undersecretary for political affairs. This post is now held by George C. McGhee, who has asked Kennedy for a foreign assignment and is expected to get one.

There have been persistent reports in the past several weeks that the President is dissatisfied with the operation of the department. Replacement of McGhee by Harriman may be the first of a number of changes.

Kennedy, it is understood, would like to tighten up the department's operations to get faster results on foreign affairs issues as they arise. One move under study is the possible creation of a new undersecretary position to expedite work within the department.

TODAY'S CHUCKLE

The Sunday drivers you see today are actually Friday drivers still looking for a place to park.

Asian Type Flu Reaches Midwest

CHICAGO (AP) — A wave of influenza which has closed schools and brought high job absenteeism in several Eastern Seaboard states since mid-January is pushing into the Midwest.

Asian type flu, similar to that which swept the nation in 1957-58 and again in 1960, has been confirmed in several states, including Illinois, Michigan, Ohio and Kansas.

Outbreaks of less severe types of influenza have been widespread. The first confirmed cases this winter were reported last month in Robeson County, North Carolina. The state reported 65,994 new cases last week.

The Communicable Disease Center of the U.S. Public Health Service in Atlanta reported Friday have been above the epidemic level the past five weeks.

Deaths Increase

The report, based on figures from 108 cities, showed a sharp upswing in deaths in the week ending Feb. 8.

In Ohio the Cincinnati Health Department said absenteeism among the city's 82,000 public school students jumped to 23 per cent Friday from 15 per cent the day before. Three deaths were blamed on flu, which the department said was caused by an Asian type virus.

There were two confirmed Asian flu cases among students at the University of Michigan in Ann Arbor. Wayne County officials re-

Navy Search Plane Finds Hijacked Ship

Elliott Is Choice For Chairmanship Of Michigan GOP

GRAND RAPIDS (AP) — Michigan Republicans—with a potential floor battle over the party chairmanship settled beforehand — focused today on the problem of electing candidates for their Spring election ticket.

At stake on the April 1 ballot will be two posts each on the State Supreme Court and the governing bodies of three state-supported universities, plus a state superintendent of public instruction and a position on the State Board of Education.

Some 1,500 delegates to the GOP state convention in Grand Rapids also are expected to endorse overwhelmingly a strongly-worded resolution supporting adoption of the proposed new constitution.

Gibbs Withdraws

A threatened floor fight over the state chairmanship was avoided when John (Jack) Gibbs, 30, GOP campaign coordinator, conceded to Arthur Elliott Jr., 46, a close associate of Gov. George Romney.

Gibbs gave up Friday night after a survey of the delegates indicated Elliott was the choice of at least two-thirds of the convention delegates.

"With the governor's concurrence," Gibbs said, "I have decided to support Elliott's candidacy and urge the delegates to make his election unanimous. I shall place his name in nomination Saturday."

Romney, who declined to indicate formally his preference for either candidate, told a reporter "the outcome was just what I wanted."

Elliott said he hoped Gibbs

Former British Prime Minister Has Heart Attack

ST. VINCENT, Windward Island (AP) — Lord Avon, formerly Sir Anthony Eden, suffered a mild heart attack this week at his home on Bequia Island, it was learned here today.

He was seen by two doctors from Barbados and the senior medical officer of St. Vincent Wednesday, the day after the attack.

Since then he has been kept under constant observation.

Lord Avon and his wife left Bequia Friday for Barbados, where he was to get further medical advice.

The former British prime minister will be 66 in June.

Prize Post Goes To Sen. Dirksen

WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen of Illinois and Sen. Karl E. Mundt of South Dakota are going to get the prize Senate committee posts open to Republicans in the 88th Congress.

This was assured today as the GOP Senate Committee on Committees virtually completed its work. The group expects to meet Monday to make it official.

Meanwhile, on the Democratic side of the aisle, a row was developing in the wake of that party's committee assignments Thursday. Sen. Frank E. Moss of Utah charged he lost out on a chance for the Space Committee because of Southern irritation at his support for a tighter anti-filibuster rule.

The Democratic leader, Mike Mansfield of Montana, sought to quiet his camp with a declaration that all Democrats were treated fairly by the party's Steering Committee.

Dirksen will take the Republican opening on the Finance Committee, which will handle President Kennedy's priority tax and health care for the elderly legislation.

Mundt has laid claim to the only GOP place open on Foreign Relations. This committee will review the whole range of American foreign policy in the next two years.

Sen. Frank Carlson of Kansas, chairman of the GOP Committee on Committees, said his group got to work as soon as the Democrats let Republicans know what the committee ratios would be. They were set by the Democratic Steering Committee.

Train Hits Truck; 8 Cars Derailed

MICHIGAN CITY, Ind. (AP) — A passenger train hit a trailer southwest of here today, derailling eight cars and injuring three persons, none seriously.

The engineer, another crewman and a woman passenger on the Chesapeake and Ohio Railroad train were hospitalized here.

Oldest entry in the Mrs. America contest at Miami Beach, Fla., is Mrs. Rose Lindley Kent, 90, of Dorset, Vt. The spy widow is a former newspaper writer and currently is dog warden in the village of Dorset. She has two sons, Charles, 62, and Robert, 59. (AP Wirephoto)

How'll She Look In Bathing Suit?

DORSET, Vt. (AP) — Mrs. Rose L. Kent foresees one difficulty in her bid for the Mrs. America crown at Miami Beach April 22-26.

"At 90," she asks, "how will I look in a bathing suit?"

However, she confidently listed her other qualifications Friday.

She has cooked her own bread for 83 years, was happily married for 50 years, raised two sons who today are 62 and 59, concocted a cookie recipe used for more than 80 years, run for the state legislature and has written many articles and poems for newspapers and periodicals.

Contest director Bert Nevins accepted Mrs. Kent's application, saying: "This is not a beauty affair. Its purpose is to honor American homemakers. Mrs. Kent qualifies."

Teenage Driver Curb Is Praised

LANSING (AP) — A proposal designed to curb Michigan's teenage drivers until they reach the age of 18 is drawing more mail than any other bill introduced in the 1963 legislative session.

The bill, sponsored by Rep. Paul Chandler, R-Livonia, would raise the minimum age for possession of a regular driver's license from 16 to 18, but would also retain existing provision which allows drivers 14-15 to be at the wheel of a car with an adult present.

Some 200 letters from all over the state have come pouring across the desk of the freshman legislator.

Although many of the responses seem a little uncertain, the mail is heavily in favor of Chandler's proposal. At last count the cards were running 147-63 in support.

"Surprisingly," said Chandler, "I have received only three letters opposing this legislation—all from teenagers. But I also have 12 letters from teenagers who think it's a good idea."

Glenn Will Give His Space Suit To Smithsonian

WASHINGTON (AP) — Astronaut John H. Glenn Jr. will present his space suit to the Smithsonian Institution next Wednesday, the first anniversary of his triple earth orbit.

Glenn, first American to orbit the earth, also will give the institution's National Air Museum the tiny American flag he carried on his mission.

Pirates Sighted Sailing North Of Dutch Guiana

WASHINGTON (AP) — A Navy search plane found the hijacked Venezuelan freighter Anzoategui early today about 180 miles north of Surinam, Dutch Guiana, the Defense Department announced.

The Navy plane, a P-2V, based at Jacksonville, Fla., radioed it was circling the ship and could read her name on the fantail.

The plane was attempting to make contact with the ship by blinker and radio at the time it was reported to the department.

At the time of the sighting, the vessel was reported traveling in a south-southeasterly direction, on a course of 150 degrees, at a speed of 12 knots.

Headed Toward Brazil

The Navy had joined in the search for the vessel, taken over by a group of Communists Tuesday, at the request of the Venezuelan government.

There had been strong speculation that the hijackers would take the ship to Cuba, which publicly offered them asylum Friday.

But the freighter was more than 1,600 miles southeast of Cuba at 6 a.m. when it was located and its reported direction of travel would carry it away from Cuba and in the direction of Brazil.

It was to Brazil that Portuguese Capt. Henrique Galvao took the seized Portuguese liner Santa Maria in February 1961, after he had taken control of the ship and its 950 passengers and crew.

Patrol Under Pressure

Galvao's action was a protest against the rule of Antonio de Oliveira Salazar, the Portuguese premier.

The Navy spent five or six days trying to locate the Santa Maria, and came under criticism at the time for the delay. There were indications of official prodding for quicker results in this week's search.

Until the Anzoategui was located early today, Defense Department officials were pretty certain of only one thing about it—that it had not reached Cuba and had little chance of getting there.

The Venezuelan Communists, members of the Armed Forces for National Liberation (FALN), announced their purpose is seizing the Anzoategui on its trip to the United States to bring their cause against President Romulo Betancourt to the attention of the world.

When seized, the government shipping company, owners of the Anzoategui, said she had enough fuel for a 15-day journey. It said her top speed was 15 knots.

The Anzoategui sailed out of La Guaira, the port of Caracas, last Tuesday with a skipper and his crew of 35. The Venezuelan government said some members of the crew hid the terrorists aboard until the ship was out of Venezuelan waters. Then the gunmen took over the ship and placed other members of the crew under arrest. The FALN terrorists have messaged that the crew is well.

The FALN has declared war on Betancourt, a close friend of the United States, and hopes to force him to cancel his trip to visit President Kennedy in Washington next week. He is scheduled to leave Monday.

Tall Sophomore Advertisers For Tall MSU Girls

EAST LANSING, Mich. (AP) — It pays to advertise, a 6-foot-7 sophomore at Michigan State University has found.

You get girls. . . girls. . . . girls.

The tall man, Dave Steiner of Grand Blanc, put a two-line advertisement in the State News, college daily, telling his plight.

"Would like to make acquaintance of young lady 5 feet or over. Call Chet," he advertised.

The phone has been ringing ever since, Chet said, explaining that he used the name because two of his roommates are also named David.

"I guess I've averaged 10 calls a day," he said.

He had a date Friday with a 6-2 coed.

Arthur Fontaine Dies In Green Bay

Arthur L. Fontaine, 66, of Green Bay, died in a Green Bay hospital Friday afternoon following a lengthy illness.

Mr. Fontaine was born and raised in Escanaba. He was employed as purchasing agent for the Noyce Manufacturing Co. until his retirement in 1960. He was a member of the Elks Lodge, the American Legion and the Navy Club.

Surviving are two sisters, Mrs. Bert Nelson, Milwaukee, and Mrs. Joseph Wayach of St. Petersburg, Fla.

Funeral services will be held Monday at 9 a.m. at St. Wilfrid's Church and burial will be in Fort Howard Cemetery. Friends may call at the Coad Funeral Home where the Elks will conduct memorial services Sunday at 7:45 p.m. and the rosary will be held at 8 p.m.

Legion Units Will Meet Tuesday

RAPID RIVER — Rapid River American Legion Post 301 and the Post Auxiliary are both meeting Tuesday at the club rooms. The Auxiliary meeting is scheduled for 8 p.m. and the Post meeting for 8:30 p.m. Plans for the Legion Birthday Party March 16 will be completed.

Election Set For Monday To Finance Grade Schools

Questions of financing improvements to elementary school buildings and to equalize school debt in the Escanaba Area Public Schools district will be answered by the voters when they go to the polls on Monday in a special election.

Only owners of property assessed for taxes (and their husbands or wives) in the school district may vote on the question.

The Escanaba Area district is composed of the City of Escanaba and the Townships of Wells, Ford River and Cornell.

The polls will open at 7 a.m. and will close at 8 p.m. on Monday, Feb. 18. Voting will be in the usual polling places in the city and townships.

Interest Groups
The appeal for a "yes" vote on the proposals to replace three old elementary school buildings and to improve others in the district and to consolidate the district's school debt has been widely endorsed. The Escanaba City Council and Chamber of Commerce are among groups supporting the bond issue.

Organized opposition comes from the Delta County Taxpayers Committee, not further identified. Presumably the Committee is the same that opposed public school financing in the past.

The Citizens Council for the Public Schools has carried to the people a program of information in support of the bond issue, and support has also come from endorsement by the Parent Teacher Association.

Meeting The Need
Elementary school building needs of the school district will be met for at least the next 10 years if the bond issue is approved, according to the board of education.

An approving vote would also provide for the refunding of the Ford River school bond issue, and for the payment by the district of the school bond issue in Cornell township. Both Ford River and Cornell township people financed building new elementary schools before voting to join the Escanaba Area school district.

To accomplish these purposes the voters are asked to approve a bond issue of \$1,315,000 which would be repaid over a period of 26 years at a rate of not more than 1.8 mills, or \$1.80 per 1,000 assessed valuation.

Replace Old Buildings
In asking for a "yes" vote on the proposal, the school board has directed attention to the necessity to replace old elementary school buildings and to improve and expand others.

The Franklin School building is now 80 years old. A new school would be built on the same site. It would have nine classrooms and an all-purpose room.

Adolph Hahn Dies Of Injuries

NEWBERRY — Adolph Hahn, 67, Engadine farmer, died at 10:13 p.m. Friday in Tahquamenon General Hospital here of injuries suffered in an accident at 6:30 p.m.

The automobile collision happened 5 miles northeast of Engadine on County Roads 1034 and 1035.

Mr. and Mrs. Hahn were riding south in a car driven by the son, Herbert, and Joseph Legault, 20, of Engadine was driving east. At the intersection the cars collided, the front of the Legault car striking the rear of the Hahn car. Both machines were demolished.

State Police Sgt. Mario Formolo said the intersection was slippery.

Mrs. Hahn is in the hospital here for treatment of lacerations of the hands, and hips and for leg injuries.

Drivers of both cars were not injured.

Mr. Hahn was born Jan. 10, 1896 in Germany and came to Engadine as a youth, where he has since resided.

He was a veteran of World War I and a member of the V.F.W. post and the Bethlehem Lutheran Church in Engadine.

Survivors include: his wife, Minnie; three sons, Herbert, George and Darwin, all of Engadine; one daughter, Mrs. Roy (Carol Ann) Patterson, also of Engadine and one grandchild; two brothers, Gustave Hahn, Hahn, Manitowish and Dr. Herman Hahn, Fond du Lac, Wis. and four sisters, Mrs. Paul (Thelma) Ellsner and Mrs. Julius (Pauline) Ziebert, Engadine, Mrs. Thomas (Julia) McLeod, Flint and Miss Wanda Hahn, New York City.

Funeral services will be conducted from the Bethlehem Lutheran Church in Engadine at 2 p.m. Tuesday with Rev. O. H. Prummer officiating. Burial will be in the Lutheran Cemetery at Engadine.

Friends may begin calling at the Beaulieu Funeral Home after 7 p.m. Sunday.

The Washington School was built in 1899 and the Jefferson School in 1902. Both are crowded. Like the Franklin, they are not fire safe and money has been spent to meet recommendations of the state fire marshal that might have gone to other purposes. It is proposed to replace the Washington and Jefferson with one building of 14 classrooms and an all-purpose room.

South Side School
Construction of a school to serve the extreme Escanaba south side, from where children are now being bussed to the Franklin School, is also part of the package. The seven classrooms and all-purpose room would be built near the Athletic Field.

Other elementary schools in the district are to be improved: Soo Hill School is to have three classrooms and an all-purpose room. The building is now crowded and two basement rooms must be used for classes.

Wells Central School will have four additional classrooms and an all-purpose room. The building has been crowded since an older school was damaged by fire a few years ago. Sixty-one pupils are bussed to the Webster school because of lack of space.

Other Improvements
John A. Lemmer School would have two additional classrooms to meet growth needs and would have the heating system improved. The Lemmer is the only elementary school financed by a bond issue in Escanaba since 1911.

The Ford River School needs an all-purpose room if it is to have a good physical education program, and that is proposed to be provided.

The Webster School, built in 1911, needs repairs and modernizing: Relighting of the classrooms, maintain the exterior, improve the entrances.

In addition to the above the bond issue would finance a black-top play area at Cornell, improved heating and ventilating at Pine Ridge, Wells Central and Soo Hill Schools and improve the cafeteria at the Junior High School.

Attends School At Cuernavaca

James Trotter, son of Mr. and Mrs. Robert Trotter of 1424 N. 22nd St., left this week for Cuernavaca Morelos, Mexico, where he will attend school for the semester.

Trotter was one of four young men chosen to attend the intercultural formation as an extension of St. Thomas College where he is a student.

While at the school the students will devote four hours each day in speaking the Spanish language. The remainder of the day will be spent attending regular classes in anthropology, Hispanic and American history and a literature course. The group will also take part in field trips.

This is the first year the school has been put in operation and classes will be held in the Antiguo Hotel at Chula Vista, which has been converted for this purpose. Cuernavaca is located 40 miles south of Mexico City.

Trotter, who is majoring in Spanish, is a 1961 graduate of Holy Name High School.

Busy Meeting For Members Of Rock 4-H Club

ROCK — The Rock 4-H club members met at the Lions club Feb. 13, for a general session which included reports on Switzerland, a Swiss lunch, style revue plans and other business.

Larry Bradford, Delta County 4-H extension agent, took pictures of the Swiss project for the Farm Journal magazine. He was accompanied by Bob Schwalbach of the Escanaba Daily Press. The members were all dressed in Swiss costumes and served a Swiss lunch, such as Swiss omelette, Wisconsin Swiss cheese and leek soup and crackers.

The following reported on the Swiss project: industry, Judy Kaminen and Cynthia Niemi; transportation and communications, Emily Kleiber, and Virginia Vandenburg; tourist attractions, Debra Trombly and Diane Kivekas. Alice Salmi was dressed as a skier and she reported on skiing and the cost of a trip to Switzerland by jet plane. She also showed a passport with a visa that her grandmother used for her trip to Finland.

The members decided to try writing to pen pals in Switzerland. Martin Kaminen showed colored slides on Switzerland and other European countries. Members are to wear their Swiss costumes to the local style revue and to summarize their reports in a sentence or two for a report on the country.

Style Show
The local style show is tentatively planned for March 15 at the school. Since the next monthly meeting will be March 13, special meetings will be called next month for purpose of practicing singing, modeling and planning of a Swiss display and theme for the style revue.

A report on the Delta County 4-H Fair showed the club grossed about \$8 on the Swiss game. All members wore Swiss costumes to the fair. Eino Salmi drove the bus.

Larry Bradford informed the club that a modeling session will be held at the County Building on March 9. All 4-H members 12 years or over may attend.

Treasurer, Bethyl Mankiewicz reported that the club netted \$20 from the sale of the ball pens. The club voted to donate the attaché case, which came with the pens, to Mrs. Albert Weldum.

Mrs. Weldum made the announcement that Mrs. Butler of Gladstone will be at the Girl Scout meeting after school Wednesday, Feb. 20 to give a talk on personal improvement. All interested girls may attend. She also suggested the members think about selecting the Rock 4-H queen to represent the club for County Achievement Day, before the next meeting.

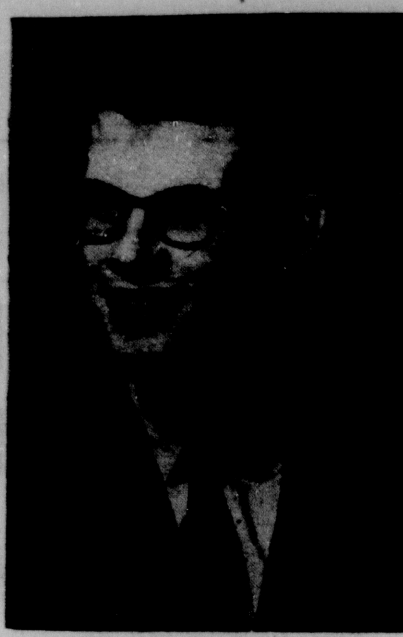

Poster Deadline
Members were reminded that their posters have to be in by next meeting. They should be practicing on their talent numbers and some could work up some demonstrations for the style review. All projects will be on exhibit before the style review program, to which the public is invited.

Mrs. Weldum and Mr. Bradford commented on the change in judging this year. Each girl will bring her garment with her to the two judges for an interview. All report sheets will be turned in to the judge and she will receive her year pin at this time. Perkins and Rock will exchange judges. Judging will be tentatively the week of March 18. There will be no awards as in the past, but there will be an award for being an all around good club member.

Swiss records were played during the lunch after the meeting.

Women outnumber men among teachers, clerical workers and retail store sales workers, according to the 1960 U.S. census.

Bounty Spending Is Near Record

Michigan's 1962 bounty payments for foxes, coyotes, and Upper Peninsula bobcats totaled \$215,035, fourth highest on record, according to the Conservation Department.

The payments, made with hunting and fishing license fees, bring to nearly \$3.5 million the amount of money spent on bounties in this state since 1935.

"This spending is an outright waste of sportsmen's money which has sidetracked bonafide game and fish programs far too long," reports Department Director Gerald E. Eddy.

He adds, "The bounty system has had every chance in the world for controlling predator populations to net hunters more game, and it has failed. As a result, the Department and Conservation Commission are seeking legislation to end this do-nothing program of bounty payments."

Last year's figures show that 30,314 foxes were bountied for \$151,705. This ranks as the third highest fox payment made since these animals were put on the bounty list 16 years ago.

Coyote claims totaled 3,454 animals last year at a cost of \$60,375 to hunters and fishermen. This figure has been topped only five times since 1935. Payments totaled \$2,955 for 591 bobcats bountied in the Upper Peninsula.

Obituary

EDITH BOWBIN
Committal services for Edith E. Bowbin were held at 10 a.m. today at the Anderson Funeral Home with Rev. Erland Carlson of Christ the King Lutheran Church officiating. Burial was in Lakeview Cemetery.

OSCAR RUDOLPH ANDERSON
Funeral services for Oscar Rudolph Anderson were held at 1:30 p.m. today at the Anderson Funeral Home. Rev. Walfred Nelson, pastor of Bethany Lutheran Church, officiated. The body was taken to Sheboygan, Wis., for cremation.

EMMA M. EHLERS
Complete funeral services for Emma M. Ehlers were held at 3 p.m. today at the Anderson Funeral Home with Rev. Eric Hammar, of Ishpeming, officiating. Burial was in Gardens of Rest Cemetery.

The Ahnighito meteor, brought back from western Greenland in 1895 by Admiral Peary, weighs 3½ tons, or 73,000 pounds.

Porcupines Park To Get Cabins

Approval was given by the Conservation Commission last week for development of new cabin facilities and better access routes to scenic sites in Porcupine Mount.

Arthur C. Elmer, chief of the Department's parks and recreation division, asked for immediate Commission action on the projects in hopes of having them ready for use at the onset of the peak vacation season, the first part of July.

Two old logging roads will be improved north from the South Boundary Road to the Little Carp River and to within 1,000 feet of the crest of Summit Peak. Parking lots will be laid out short of the peak and river.

Also set for this spring is construction of three shelter-type cabins at Trap Falls, Landlooker's Creek, and Lone Rock.

In other action last week, the Commission voted to acquire mineral rights to 7,825 acres in the eastern half of the park. These rights, together with previous state holdings, provide protection against mineral development on more than 50 percent of the lands in this part of the park.

In exchange, the Copper Range Co. of Houghton received state-owned mineral rights to 7,795 acres in Ontonagon and Houghton counties.

MILITARY THIEVES
During the Civil War, a small band of Confederate soldiers crossed the Canadian border on Oct. 19, 1864, and raided the Vermont town of St. Albans, robbing the bank before escaping back into Canada according to the Encyclopedia Britannica.

Jack Krodahl Is Promoted; Moved To Milwaukee

George D. Cihla of Riverside, Ill., and John Krodahl of Escanaba, have been appointed national account executives by Employers Mutual of Wausau, announced Senior Vice President S. F. Staples.

Cihla, a salesman in River Forest, has been with the Wisconsin firm since 1950.

Krodahl, a native of Eveleth, Minn., joined Employers in 1947 as an adjuster in Upper Michigan, and was appointed a field sales manager in Escanaba in 1956. His promotion will require a move to Milwaukee, Wis.

Briefly Told

Bunny Bread is another donor of gifts for the Escanaba Daily Press - WLST Cooking School which will be held Monday and Tuesday evenings at Escanaba Junior High School Auditorium. The Bunny Bread gift is 24 dozen doughnuts for the bags of groceries which will be awarded both evenings. Another gift has been received from Deloria Sales, a \$5 certificate for barbecue accessories.

Marquette Range Tax Crisis Faced In Mine Problem

By KENNETH S. LOWE

NEGAUNEE—Cleveland-Cliffs Iron Co., officials believe they can extend underground mining on the Marquette Range indefinitely if:

1. The company can find a partner to invest in an agglomeration plant to process Mather and Bunker Hill Mine ores, and,
2. A specific tax, similar to that now imposed on low grade areas, is adopted for underground

ores in place of the present ad valorem tax, which is based on property evaluations.

Cliffs spokesmen made that forecast Wednesday at a meeting of the Marquette County Economic Study Committee here. The meeting was called at the request of Ernest Ronn, Negaunee, international representative of the United Steelworkers of America.

If the specific tax (based on

production) isn't adopted, Cliffs officials said, the company's underground operations at the Marquette Range would "become extinct" in two or three years.

Cliffs operates three underground properties on the range—the Bunker Hill Mine in Negaunee; the Mather Mine, with an "A" shaft in Ishpeming and a "B" shaft in Negaunee, and the Cliffs Shart Mine in Ishpeming.

But, said Stanley Sundeen, Ishpeming, Cliffs manager of research and ore development, "the Cliffs shaft mine is not in this picture at all. Cliffs Shaft is going to die for lack of reserves, although we are conducting research at our ore improvement plant in hopes of prolonging the life of the mine."

In contrast, he said, there may be as much as 75,000 tons of reserves in the Mather Mine.

The Mather provided employment for 387 men on a four-day week at the end of 1962. The Bunker Hill Mine, also on a four-day week, employed 278 men at year's end.

Harry C. Swanson, Ishpeming manager of Michigan mines for Cliffs, predicted employment with and without agglomeration and the specific tax. He indicated

no employment in the Mather and Bunker Hill Mines and the ore improvement plant after 1965 if the agglomeration program were not undertaken.

But if the underground ores were improved and converted to pellets or briquets, he said, employment in Cliffs underground operations would total 863 in 1965 and remain at that level for several years.

Adoption of specific taxes on mines that agglomerated ores would reduce taxes on these mines in Negaunee from \$647,000 in 1963 to \$199,000 in 1967. Without agglomeration, however, taxes in Negaunee on Cliffs underground mines would decline to an estimated \$8,000 in 1967, Swanson said.

In Ishpeming, the taxes on Cliffs soft ore mines would decline from \$496,000 in 1963 to \$74,000 in 1967 if the specific tax is imposed. But, without the specific tax and agglomeration, the rate would plunge to about \$6,000, Swanson explained.

"We are confident that technically this job (agglomerating ores) can be done, but what we need is a specific tax," Sundeen said. In order to build an agglomerating plant, however, Cliffs

would have to be able to attract a partner or partners, "but we can't attract partners when the tax is \$1.08 a ton," Sundeen said. He pointed out that the tax rate on underground ores had gone up from 13 cents a ton to last year's figure of \$1.08.

Asked by Negaunee City Manager Leonard Harris if labor would be willing to accept a wage cut to help keep mining production costs down, Ronn said "no." He added that unions had made several concessions to management since 1956 and would not consent to further concessions now.

William Peterson, superintendent of Ishpeming schools said that, while he was not necessarily opposed to the specific tax proposal, the citizens of Ishpeming should be warned of its consequences.

"If this tax reduction goes through," he said, "people in Ishpeming will have to realize that, if they want the schools they now have, they will have to be taxed heavily. Mine workers will be included in the heavy tax rate, and some may move out of town to avoid these high taxes."

"If this law doesn't go through, then for sure the people will be

taxed out of town," Sundeen said. "If we don't agglomerate underground ores, the people not only will have higher taxes. They also will have higher unemployment."

Earlier this week, Cliffs announced that the McLouth Steel Co. had served notice that it is giving up its 50 per cent interest in the Bunker Hill Mine by the end of 1963 and that the mine would be closed unless steps could be taken to upgrade the product. Cliffs also said that Bethlehem Steel Co. is considering withdrawing from the Mather Mine.

It was this announcement that

prompted Ronn to request the meeting.

The committee adjourned without taking any formal action on the proposed outline by Cliffs officials, but agreed to meet again soon.

Vote For Schools

Taxpaying voters of the Escanaba Area School District will vote Monday on a tax of 1.8 mills for 26 years to finance a general modernization of the district's elementary schools. This would cost \$1,815,000 and would include:

1. A new school on Escanaba's growing south side near the Athletic Field.
2. A school to replace the 81-year-old Franklin School in mid-Escanaba.
3. One new school to replace the present 64 year old Washington School and 61 year old Jefferson schools.
4. A 4-classroom and multi-purpose room addition to Wells Central School.
5. A 3-classroom and multi-purpose room addition to Soo Hill School.
6. A 2-classroom addition to John A. Lemmer School.
7. A multi-purpose room addition to Ford River School.
8. Re-lighting and building rehabilitation at 52-year-old Webster School.
9. Cornell School playground blacktopping, heating and ventilation improvement at Pine Ridge, Wells Central and Soo Hill Schools, improved cafeteria at Escanaba Junior High School, etc.
10. Payment of the Ford River school debt. (Incurred before it joined the Escanaba Area District.)
11. Consolidation (sharing by the whole district) of the Cornell School debt.

There's "something for everybody" in this package, all schools in the big district will be improved or replaced and a new one will be created, so that each part of the area has a benefit coming up if the millage carries. This smacks of a plan to get local support for the general program and weakens the justification, particularly after the voters turned down last year a proposal for a levy of three quarters of one mill to provide the district's most urgent school needs. Having rejected this big bargain, the taxpayers are being asked to pay for all the district's elementary school needs in one package.

This is a big order to sell the voters, but actually it is a good one and they should buy it. There seems to be quite a bit of piecemeal opposition to the package, but there is only one question to be voted Monday: It is: Do you want to provide adequate and uniform elementary school facilities throughout the Escanaba Area School District?

The cost will be \$1.80 per \$1,000 of assessed value for 26 years or less. (It is almost certain that it will be for a shorter period because taxable value grows and that reduces the debt faster.)

The modernization of all the Escanaba Area elementary schools is a modern undertaking in the community, never attempted before and now undertaken because of growth needs and failure in the past to update the school plant more.

The program, to be borne by the City of Escanaba and the Townships of Ford River, Wells and Cornell with a tax value of more than \$50 million, would be large in the sense that it's never been done here before, but not large in the community's new sense of proportion and means. It would, for instance, be only a big third of the cost of the new Escanaba Area High School and it would finance 7 construction projects, rehabilitation work and debt retirement.

It would be in keeping with the Escanaba Area's new spirit of venture which has resulted, in a period only half as long as the financing period proposed, in an unprecedented growth of institutional facilities here.

It comes hard on approval of a new community college to be partly financed (one third) with local taxes and it will be a problem for retirees on fixed incomes, as are all such levies. It will also be a burden for many others of modest income or large obligations.

But the community must grow by its own efforts or not at all and there can in this age of knowledge explosion

Finding The Way

Tradition For Our Time

BY RALPH W. LOEW, D. D.

Written for Newspaper Enterprise Assn.

One 'R' in 'reading, 'riting and 'rithmetic has been in trouble. Educators have been searching for ways to improve Johnny's ability to read. Parents have been concerned about the literature he reads. Courts of both the United States and Canada have been puzzling over certain reading in our schools—the reading of the Bible.

Once upon a time the reading of the Bible in public schools was an accepted custom and, in many areas, is still regarded in this way. The singing of the national anthem, the reading of a verse of Scripture and the use of other symbols of a heritage were traditional. Why did our forefathers include such reading in the schools?

Obviously, there was a desire to keep education in the school and in the home in a common pattern. It never occurred to them there was any conflict involved. It is only in the growth of a pluralistic society and the evolution of new and disturbed neighborhoods that the problem is revealed.

What the current discussion reveals is that the reading of Scriptures has also disappeared from many homes. If the Bible isn't read in home or school and understood in neither, there will be another age which Amos once described as "a famine of hearing the words of our Lord."

In the home where I grew up there was a large kitchen with an

oak table, and a Bible, daily devotional books and Stark's Prayer Book on one corner. That was the tradition of the household. Just mentioning that kitchen table brings nostalgic memories that keep one clean in spirit.

But that is not the memory of my children. In our time it is not that kind of a kitchen. There is another way of life, a new version of the tradition. Every tradition has to be renewed, relieved in a new age and filled with new spirit. The changing of routines and habits does not excuse a family. The modern household must find new traditions to bring significance into life if the family is to survive in the winds of today's competitive world.

The present discussion threatens to drive all of this to the absurd extreme of banning all use of Scripture in public assembly. Each community will have to confront the problem and nothing is to be gained by wringing hands in despair. We need to develop new study groups to assist parents in the strengthening of reading habits. We need schedules which assist in the use and understanding of the Scriptures. We need to support those parents who are determined to keep these traditions alive in their households. All reading, writing and arithmetic requires the climate of an encouraging home. That includes the reading of the Scripture.

be no real "saving" on schools. They are imperative to any forward looking plan for a progressive community and they are expensive.

The school millage vote is a test of the Escanaba Area in a manner seldom mentioned in discussion of the subject. Discussion usually turns on some point of objection—the cost of the new high school, the plumbing in the John Lemmer School, the "package" approach, the lack of sinking fund financing, etc.,—and not on the merits of the proposal to be voted.

The Escanaba Area certainly needs and wants growth. The school vote is a test of its willingness to pay for it.

The board of education is composed of dedicated persons who labor ably and without pay in the interest of the community. They think the proposal is the best one for all the district and within its means. Their judgment is worthy of much respect because it is so much better grounded than that of the project's critics. The board is familiar, to a degree not yet matched by public knowledge, with the demands upon the schools today, the difficulties of organizing an effective public education system, the cost of school facilities, and especially and most importantly, the need for good ones.

Victory in the election would be a great community achievement, uniting this new consolidated district in a full sense for the first time. Cornell Township, which joined the district to gain the benefits of educational sharing, is fearful that defeat of the election clause on debt consolidation may leave it with its 5 mills of debt levy plus 1.8 mills for new elementary schools to be built elsewhere.

This shouldn't happen. The new Escanaba Area District assumed a moral obligation to consolidate the debts of all the districts united in the consolidation. This will bring full sharing of obligations and benefits. All taxpayers should vote this as a commitment of honor.

And then they should courageously approve the levy for the elementary schools so that the district will provide equal treatment for all its people and implement its potential for growth.

Memory Lane

By J. R. LOWELL

Ten Years Ago

Organization of a non-profit corporation to operate the Northern Michigan Children's Clinic at Marquette after April, 1954 has been completed, Atty. William Anderson of Escanaba said today. This clinic was one of two children's clinics established at the inception of a children's fund made available by the will of the late U. S. Senator James Couzens.

Jules VanDamme, of St. Nicholas, left today for Chicago, en route to Beligum where he will visit in his homeland for the next two months.

George Morton, former prominent resident of Manistique, died today following a heart attack at Dade City, Florida. Mr. Morton established and operated the Morton Funeral Home in Manistique.

Twenty Years Ago Gladstone merchants have followed the example established by Escanaba merchants of keeping stores open on Friday nights instead of Wednesday and Saturday nights.

Two Escanaba men, Craig Lawrence and Gunnar Back, who entered radio service shortly after their graduation from college, now hold prominent positions in that field. Craig is head of a radio chain in Iowa and Back is now with the Columbia Station in Washington, D. C.

M. N. Smith, president of the Escanaba Paper Co., has been elected a director of the Mead Corporation, with which the local paper mill is affiliated.

Thirty Years Ago

A determined gunman with a poor aim shot at President Roosevelt yesterday, missed him and seriously injured Anton Cermac, Mayor of Chicago, and four other persons. The shooting took place at Miami, Fla.

Miss Claire Sword has been chosen queen of Gladstone's first winter carnival.

Word was received in Manistique today of the death of Mrs. Elizabeth Hewitt, 76, mother of Sheriff John Hewitt, of Schoolcraft county. Her death occurred in Forest, Ont.

USE OF SCHOOLS

I'm glad I live in Escanaba. During the past four and one-half years in which we have lived here, we have been thrilled to see the progressive spirit which has consistently prevailed among its citizenry. One of the most important evidences of this fact was made clear just a few years ago when we voted to build a new high school, expand the present Junior High School, and to conform to fire and safety regulations at some of the other schools.

I feel that this new high school will make Escanaba one of the most desirable areas to rear a family.

Monday we can again vote in favor of the youth in our area. I feel that the majority of our people are concerned for our youth and will again vote in favor of giving our children adequate elementary schools.

In addition to the educational needs of our youth, I believe that relatively few people realize how much the schools are being used for worthwhile community programs. After school activities at Webster Community School in my neighborhood include:

Monday afternoons - Webster Area Sports (boy and girls 40-50)

Monday evenings - Boy Scout Troop No. 409 (about 25) meetings

2nd Monday evenings - Inter-Church Roller Skating (75-100 teenagers)

Tuesday afternoons - Washington School Sports (40 boys and girls)

Tuesday evenings - Recreation Program for teenage youth sponsored by City (75-100 youth)

Tuesday evenings - Men's Dartball League upstairs (about 150 men)

Wednesday evenings - Cub Scout monthly Pack meetings with parents (75-100)

Wednesday evenings - Practical Nurses Guild meetings.

Thursday afternoons - Wells Central Sports (35 boys and girls)

Thursday evenings - Recreation Program for teenage youth (75-100 youth)

Friday afternoons - Roller skating for all elementary age boys and girls (50-100)

Saturday afternoons - Inter-Church Basketball League (40 youth)

Since I am a North side resident, I am not certain what type of community program is carried on after hours in other school buildings, but I think it is safe to say that most schools have Cub Scout and Boy Scout Troop meetings. Some of them have adult education classes, elementary age athletics, Junior Achievement, 4-H Clubs, Girl Scout meetings, etc., in addition to the fine broad program of adult education classes at the Junior High, Senior High, and Technical School. I am also told that when the Senior High gym is completed, there will be opportunities for expansion of the adult education program. I am al-

so told that there is a definite possibility that the Junior High gym will be opened for roller skating. This would draw in teenage youth from all Escanaba Area schools.

I am a member of the City Committee on Aging and this age group has been offered the use of the schools for their program which will be developing.

When you vote "Yes for Youth" Monday you are voting not only for adequate educational facilities for your children, but you also receive a community building for a broad program of activities for all ages.

Rev. Erland E. Carlson
Christ the King Lutheran Church

PRO AND CON

I must be a very important person. I have been propagandized without end concerning the needs of our school system. I have received through the mail brochures paid for with my tax dollar, I have been bombarded with radio programs, and I have been deluged with mounting piles of the printed word, all proclaiming the merits of more money for schools. In fact, it has become unbearable to be presented with only one side of the story. There must be another version. Nothing is as one-sided as this issue. All pro and no con makes Tom a sick boy.

On this school issue there is a need, but how far must we go? To the Cadillac or to what we need and can afford? This choice should be ours. We should not be forced to give all or nothing.

Half truths are an easy way to attain ends. Is this why only part of the whole is mentioned? Are we to believe that the only cost is the one and a third million dollars and not the million dollars to be paid in interest? Are the people of Ford River Township supposed to know that the total cost to them is more than the amount they will save? Are we to overlook the pressing needs of the county and city that will add to our tax burden? Are we to believe that increasing costs will not once more bring a plea for more money to operate the system?

Let's present the good with the bad, and if a report shows that something is remiss, let's present all the facts.

Interested in Good Education

BEARD WAGON

There appeared in the Press last year an editorial stating that the editor hoped that beards would not become a prominent part of the celebration. After reading the words I felt compelled to write a rebuttal, but hesitated. Perhaps that was a mistake but I hope the battle is not all lost. The editor may have been influential in swaying the thinking of the male population of the area into not participating with hirsute adornment. From my participation in a similar centennial some years ago and my observations as I ply the streets of Escanaba, they tell me that whiskered faces are lacking.

In closing may I offer this. The author I do not know: "On the plains of hesitation bleach the bones of countless millions who at the dawn of victory sat down to rest and, resting died."

Ruby men—beard the beard wagon.

Jack (Sideburns) Kivela
200 S. 6th St.

FIRE AND FRANKLIN SCHOOL
This is to clarify a statement by W. J. in Thursday's Daily Press in which he says:

"Franklin, Washington and Jefferson Schools are not fire traps on the fire marshal would close them."

I felt the need to check the validity of this statement and took it upon myself to call the state fire marshal, Mr. Hanley. He told me he had never personally been in the Franklin School, but records show an inspection had been made by Detective Sgt. Tobin.

The last inspection was made in 1960 when children were not present in the building. Mr. Hanley told me he would have no cause to inspect Franklin School building again unless an addition were being constructed. This surprised me, as I had assumed we were on a yearly inspection schedule. No such schedule exists and inspections are made only upon request of local officials, he said.

We are wrong to assume that the state fire marshal knows the present condition of the Franklin School or is in any way responsible for results of such conditions. He told me there is no active file on the Franklin School. This in no way reflects upon him. I merely want to point out our own obligations in protecting the lives of our children.

Our school board is responsible, but the school board can do nothing without our direct support.

We will have absolute proof that the Franklin is a fire trap only after there is a fire and children are trapped.

Must I lose a child to prove to W. J. that he is wrong?

COOKING SCHOOL

Two wildlife figures of Michigan's past—the moose and Canada lynx—are staging a comeback in the Upper Peninsula, according to the Conservation Department. Their recovery is traced to changing forest conditions, namely the return of big timber—the very thing which is working more and more to the disadvantage of deer, grouse, and snowshoe hares.

Moose, Lynx Make Comeback In U.P.

The day may not be far off when a once-lost member of Michigan's wildlife family—the Canada lynx—will regain his place as an established resident of the Upper Peninsula's densely-forested areas.

That's the way things look to William Laycock, of Marquette, the Conservation Department's regional game supervisor.

He reports that 10 lynx were killed above the Straits last year, the most recorded since the animal dropped out of the state's picture—or nearly so—as a result of Michigan's virgin forests being cut over.

There is a good chance that more lynx were taken in 1962 than reported, because they can easily be mistaken for their little brother, the bobcat. In other words, some lynx kills may have passed for bobcats.

This, in turn, points to the possibility that the Upper Peninsula's lynx population may be even higher than kill reports have indicated in recent years. Department game men in the field have

noted signs which suggest that lynx numbers are building up slowly, but surely.

They also have good evidence that the moose, another scarce species since the logging days, is increasing gradually in the Upper Peninsula, mostly in the eastern end. These giants of the antlered world also have two small colonies in the central part.

The rise of the lynx and moose is more than a mere coincidence, according to Laycock. Their comeback is traced to changing forest conditions, namely the return of the big timber—the very thing which is working to the disadvantage of deer, grouse, and snowshoe hares.

In a way, history seems to be repeating itself. Where Upper Peninsula forests have been growing back closer to the big timber stage of the pre-logging boom, conditions for wildlife have also reverted toward that by-gone period.

All this to the liking of the Canada lynx and moose.

Treated Like Dirt, African Students Leave Bulgaria

VIENNA, Austria (AP)—Seven-teen Ghanians led an exodus of African students from Communist Bulgaria today and charged on arrival in Vienna they had been treated like dirt because of their race.

They said they had been subjected to racial discrimination but a primary reason for leaving was

that "studying in Communist countries is a waste of time."

This statement was made by a spokesman for the students, who declared: "We have been called black monkeys and jungle people and we were treated like dirt."

The students from Ghana were the first of a contingent of about 500 Africans who have decided to leave after Bulgarian authorities banned the All-African Students' Union in Sofia. The others from about 20 African nations are awaiting transportation. Seven Africans—the entire execu-

utive committee of the union—were arrested last Monday and their whereabouts are still unknown, the Ghanians said.

The tallest tree in the world is now believed to be a 368-foot California redwood in Humboldt County, Calif. The new champion of trees, as yet unnamed, tops the Founders Tree which lost 17 feet in a storm a few years ago.

ATTENTION PROPERTY OWNERS!

IF YOU OWN PROPERTY, BE SURE TO VOTE FEB. 18TH.

1. In 1950, a home assessed at \$2850.00 was taxed \$87.50 per year.
2. In 1962 this same home is now assessed at \$4450.00 and taxed \$201.50. Think of it, an increase of 135%, or \$115.70 more on an ordinary dwelling.
3. Recently the Public Schools received increases of 3.8 mills and 3.4 mills. Shortly afterward, another mill was approved for the new Community College. From past action more money will be requested from time to time. Owners should object to and oppose this wild spending spree.

OTHER CONDITIONS TO CONSIDER WHEN YOU VOTE:

1. The all-time high unemployment situation in Delta County. The hundreds of families on DIRECT RELIEF, and many on PARTIAL RELIEF. The many families being turned away from WELFARE RELIEF. The families MOVING OUT OF ESCANABA, due mostly to high taxes and no jobs. When taxes rise, property owners must increase rents, which causes problems for families ON RELIEF, OUT OF WORK, or living on PART-TIME JOBS.
2. There are nearly 250 VACANT HOMES FOR SALE in our area—NOT FOR RENT, but FOR SALE. High taxes and maintenance costs force property owners to sell because RENTERS CANNOT AFFORD HIGHER RENTS.
3. Present GRADE SCHOOLS ARE NOT FIRE HAZARDS. It is true they are old and eventually should be replaced. At this time, ONLY FRANKLIN SCHOOL should be replaced. When this is PAID FOR, other schools can be considered on a PAY AS YOU GO BASIS. A package deal of \$1,315,000 plus interest of \$1,060,000 for 26 years is too much.

A LAST MINUTE REMINDER TO TOWNSHIP PROPERTY OWNERS:

You will remember that the State increased your assessed valuation 80% in 1958. If your home was assessed at \$3,000 in 1957, it was raised to \$5,400 in 1958. THEN WHAT HAPPENED? Along came one of the Township Board members to give your assessed valuation another healthy boost—2 INCREASES IN ONE YEAR.

Consider these facts, then we believe you'll VOTE NO.

4. Remember that other tax requests are coming, for instance: A new County Jail, City Recreation Center, new Airport Buildings, new City Hall. Add to these major projects: cost of sewer improvements, storm sewers, electrical distribution system, and streets and alleys.
5. IF PROPERTY OWNERS DO NOT OBJECT BY VOTING NO on some of these elaborate proposals, the home mentioned above will soon be taxed to the sky. Where will all this money come from?
4. Maintenance cost of the new Senior High School will be tremendous because of excessive floor, wall, window space, and unnecessary grounds area. A good school could have been built for half the cost.
5. The School Board does not mention the \$40,000 needed to replace the Lemmer School heating system, a building ONLY 9 YEARS OLD. Our present 60 to 70 year old grade schools have never caused so much expense. No mention is made of the expected use of the old Senior High School as a College, and with nominal alteration, after our School Board called it "falling down". Few people realize that interest on the High School bond issue will raise the cost of the new school to approximately \$4,450,000. This must be paid too.
6. Our Senior Citizens are having a hard time meeting present every-day expenses. How will they make out if their taxes are increased every six months? Their income is limited to fixed pensions and Social Security Benefits. To get State Aid, they must mortgage their homes, if not already mortgaged. And soon hospitalization cost will increase 30%.

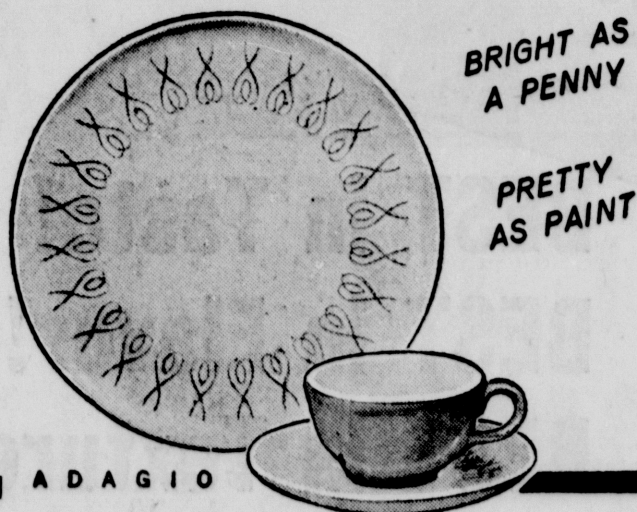

In addition to extreme high taxes, you must, at your own expense, haul your own garbage, drill your own deep well, install your own septic tank, carry full-value fire insurance because of no local fire protection. Add these expenses to your tax, and you will wonder why you own a home and can continue to do so.

Dirty Snow Has Its Good Points

G. P. Williams, Canadian scientist, says dirty snow may be un-aesthetic but that it has its good points — including going away faster. Williams, member of the National Research Council, told a snow conference in Quebec that black or dark substances absorb more of the sun's radiant heat than white surfaces, which merely reflect it. Williams said dirty snow absorbs the sun's heat and melts itself.

Assefa Fre-Hiwet, a graduate student at Southern Illinois University, tried unsuccessfully for five days to put a call through to Emperor Haile Selassie of his native Ethiopia. Then the telephone operator called Fre-Hiwet at Carbondale, Ill., and said the emperor was on the line. Fre-Hiwet said he and the emperor talked for 12 to 15 minutes, discussing the scholastic progress of Fre-Hiwet and several other Ethiopian students at Southern Illinois.

Richmond Flowers, attorney general of Alabama, says the federal government is hitting the state with so many suits that the state's legal staff is practically snowed under.

Flowers told a civic club in Montgomery that, in the future, the state may have to call on lawyers in private practice to help out. The government has filed numerous suits in Alabama in voter registration and school desegregation cases.

Howard Ketcham, a color consultant to a chemical firm, says the traditional white shirt for men cramps individuality and is best limited to evening wear and major social occasions. Advocating colored shirts for business-day use, Ketcham says: "A man in a colored shirt looks like he's ready to roll up his sleeves and go to work."

Ann Landers

Teeners Revolting

Dear Ann Landers: Our daughter is fourteen years old. She is dating a boy the same age.

This kid is at our house almost every evening.

The thing I object to is this: These two can't keep their hands off one another. They are either holding hands, or one is lying with his head in the other one's lap, or they are both lying on the sofa watching TV. All summer long they ran around bare-footed, and if they weren't holding hands they were holding feet.

My wife seems to think it is

perfectly all right. I think it is revolting. If they act like this at 14 what will they be doing three years from now?

My daughter and my wife both read your column. Please give them an eyeful. Thank you. — OLD FASHIONED DAD

Dear Dad: You bet it's revolting—and if I were you I'd revolt. Teenagers who don't have enough self-respect to keep their hands off each other should be told in blunt language—and it's the parents who should do the telling. It sounds as if these two kids have

a one track mind—and the traffic is pretty heavy.

Dear Ann Landers: You have mentioned in your column that parents should not allow their children to touch things when they visit in the homes of other people. Now I wish you'd print something about young children who feed pets when no one is looking.

My cousin and his wife called on us yesterday. They brought their two youngsters along. The six-year old gave the cat several caramels and the poor thing got her teeth stuck together and it was terrible. The other youngsters gave our puppy some potatoes and salad and dill pickle. She got so sick we had to call the vet in the middle of the night.

Our canary died several months ago and now I recall that it was

just about the time these people last visited us.

Please tell folks to teach their children not to feed pets when they are guests. Thank you.—BIG VET BILLS

Dear Big Bills: I'm also telling parents who take their children visiting to keep an eye on them. Youngsters should not be free to wander around in other people's homes and get into mischief.

Dear Ann Landers: We are up to our necks in debts. My husband likes to gamble and he lies to me constantly. He swears he has paid certain bills. Later I get letters from the stores and telephone calls from the credit managers. Finally the collectors show up in person.

I learned recently that he borrowed \$300 from some close friends. These people are kind-

hearted and have no extra money. The man was laid off last week and now I just can't face them.

I want to take a part-time job and pay these friends back. My husband says no, that he'll pay them as soon as he can. In the meantime, I can't sleep at night worrying about our debts and the family's reputation.

I need some advice. Can you help?—MONEY WORRIES

Dear Worries: By all means go to work and start paying back the money. You'll feel better, and it will be a demonstration of good faith.

Your husband sounds like a compulsive gambler who needs help. Gambler's Anonymous may be the answer. Write for information to the national headquarters of Gambler's Anonymous, P. O. Box 17173, Los Angeles 17, California. And good luck.

"HEADQUARTERS FOR EVERY BUILDING NEED SINCE 1899"

Lawyer Guilty In Morals Case

JACKSON, Miss. (AP)—Twelve white jurors have convicted civil rights lawyer William Higgs in absentia on a morals charge involving a teen-aged runaway.

The jury deliberated 35 minutes Friday night after hearing a 16-year-old youth testify Higgs befriended him, took him into his home and engaged in a series of unnatural sexual acts with him.

Hinds County Judge Russell Moore sentenced Higgs to six months imprisonment and a \$500 fine. The three lawyers Moore ordered to defend Higgs advised they would seek a new trial, a move preliminary to an appeal, then the decision on an appeal to Higgs. Moore said he probably would hear the matter Monday.

The charges were based on accusations by William McKinley Daywalt III of Collegeville, Pa., who testified he had run away from home following an argument with his parents and had lived with Higgs.

Higgs was not present at the trial. He had said in New York, where he went to receive an award this week for his civil rights work, that he was afraid to return to the state. He denied the charge.

Higgs helped defend the "Freedom Riders" who sought to desegregate Mississippi in 1961, was counsel for the state Civil Rights Advisory Committee, filed a University of Mississippi desegregation suit for Dewey Greene, a Negro, and was an observer in the James H. Meredith desegregation proceedings.

Both the 27-year-old Higgs, a graduate of the University of Mississippi and Harvard Law School, and young Daywalt are white.

Rock

Joyce Lund, daughter of Mr. and Mrs. Emil Lund of Rock, graduated from the Career Academy School as a dental nurse on Feb. 9, in Milwaukee. Attending the graduation were her mother, George Mattila, Gus, Liinda and Judy. She is now employed by a Highland Park, Ill., dentist.

Sawyer Base's Honor Guard To Star At Inaugural

Master Sergeant Rayvon W. King, who led the O'Hare Field Honor Guard in escorting Queen Elizabeth on her visit to Chicago in 1959, will head the K. I. Sawyer Air Force Base Honor Guard in the inaugural of Gov. George Romney at the State Office Building next Saturday afternoon, Feb. 23.

The Honor Guard is made up of 27 non-commissioned officers and airmen representing 16 states and Canada. They will take a prominent part in the inaugural ceremonies at 2 p.m. and will also stand guard for the inaugural ball at Marco's at 9 p.m.

All members of the Honor Guard are volunteers of the 56th Fighter Wing and they have participated in many ceremonies in the Upper Peninsula. They wear Air Force dress blue uniforms and high gloss black combat boots with white laces.

M/Sgt. King's group performs

Ottawa Project Gets Allocation Of \$410,000

IRON RIVER—A new allocation of \$410,000 for the Ottawa National Forest under the Accelerated Public Works program was announced Friday by Senators Patrick McNamara and Philip K. Hart. The new funds raise to \$1,347,000 the total received by the Ottawa since last October.

Andrew Leavitt, district forest ranger, said Iron County will receive about \$160,000 of the additional funds, as a result, he said, the 170 county men employed in the various projects at the Ottawa will continue work until about the end of April.

More than 500 men, who had been unemployed, have been working at the forest since last November, after initial funds were received. Involved are men from Iron, Gogebic, Houghton, Baraga and Ontonagon counties.

without commands. It will receive and salute Governor and Mrs. Romney and their party when they arrive at the State Office Building for the inaugural at 2 p.m. and form two lines between which the dignitaries will pass.

M/Sgt. King, a veteran of more than 14 years Air Force service, is a native of Norfolk, Va. He is operations sergeant at Sawyer AF Base. S/Sgt. Douglas R. Swartout, Pensacola, Fla., a flight leader, is administrative officer of the Honor Guard; S/Sgt. Arthur J. Goodwin, Hempstead, N.Y., a flight leader, is supply officer, and S/Sgt. Robert H. Stickland, Warren, Ark., a flight leader, is transportation officer.

Other members of the group include: Airmen First Class Lawrence J. Gentry, Toledo, Ohio; Roy R. Ayotte, Albany, N.Y.; Jesse W. Wayland, Colchester, Ill.; Thomas N. Trybala, Lewiston, N.Y.; Walter Ortiz, Glen Cove, N.Y.; Willie Edwards, Chicago; Terrence McFarland, Palmer, Mich.; Sam Hooland, Central City, Ky.; Jerry L. Coner, New Orleans; Arturo Galletto, Durango, Colo.; James Eddins, Jr., Athens, Ala.

Airmen Second Class Patrick L. Hillard, Stoy, Ill.; Charles R. Pinnat, Chicago; Francis Maine, Yemassee, S.C.; Thomas E. Wilson, Compton, Calif.; Kenneth W. McKnight, New Albany, Ind.; Gary D. Wadsworth, New Carlisle, Ohio; Richard R. Varano, New Britain, Conn.; Juan Urioste, Denver; Juan M. Santos, Edward E. Lis, Rural Valley, Pa.; John N. Grenier, St. Germain, Quebec; Alvin Solberg, Staten Island, N.Y.

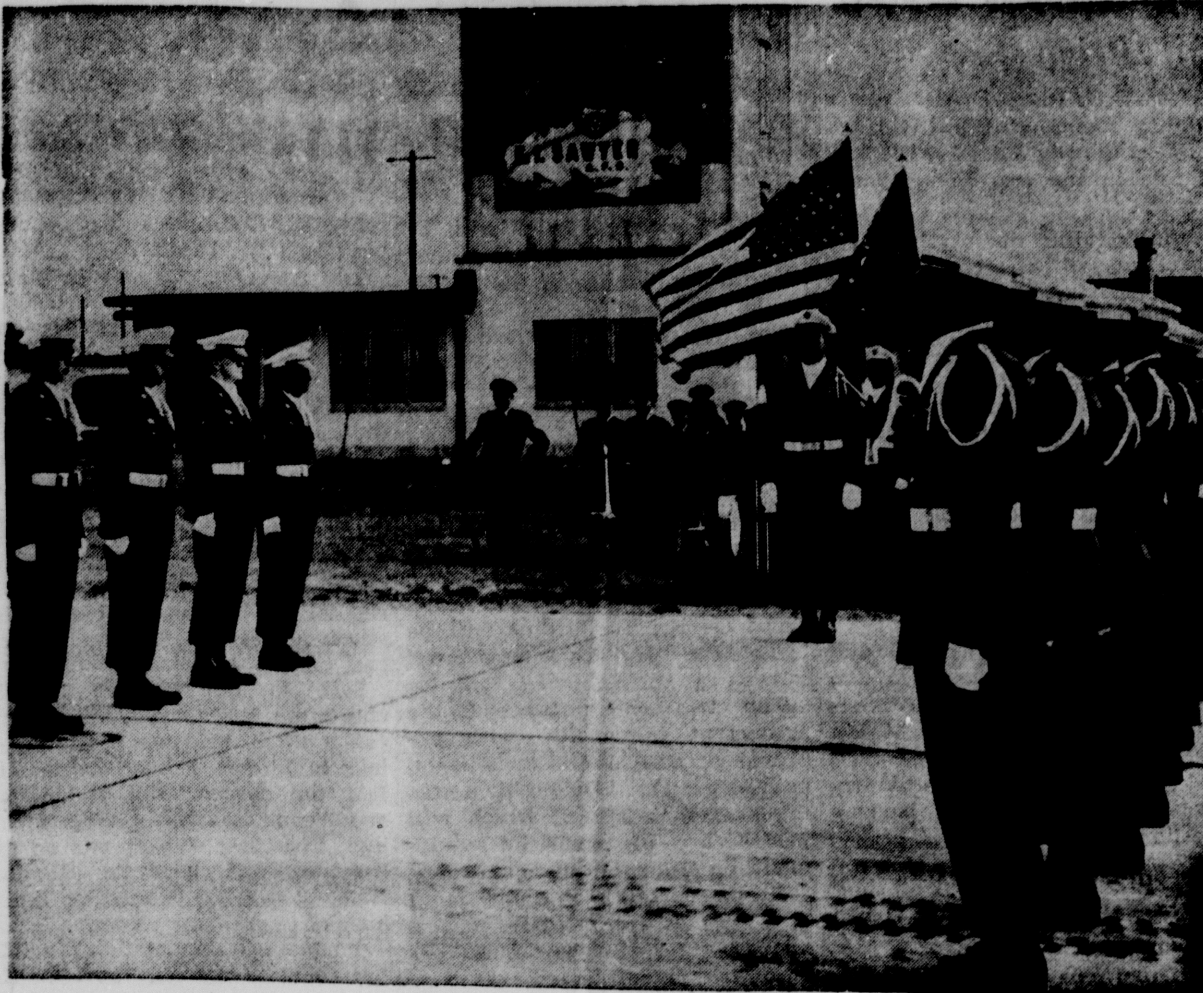

Howitzers of the Michigan National Guard will boom out a 19 gun salute to Governor Romney for the first time at an inaugural in the Upper Peninsula. The guns will be manned by units of Kingsford Headquarters Battery, and Battery B, 3rd Howitzer Battalion, 182nd Artillery, Iron River.

Services Set For Robert Makela

Funeral services for Robert Arthur Makela will be held at 1 p.m. Monday at the Faith Lutheran Church in Rock with Rev. Edward Leppaluoto of Gwinn officiating.

Friends may call at the Anderson Funeral Home from 6 to 9 p.m. Sunday and at the church beginning at noon Monday.

Mr. Makela, a resident of Rock for the past 15 years, died Friday at 7:30 a.m. at his home.

This is part of the Honor Guard of the 56th Fighter Wing, U. S. Air Force, stationed at K. I. Sawyer Air Force Base, which will take part in the inaugural ceremonies for Gov. George Romney at the State Office Building, Escanaba, at 2 p.m. Saturday, Feb. 23. The Honor Guard, headed by M/Sgt. Rayvon W. King, is pictured here in action at Sawyer AF Base, where it has performed in many ceremonies. (AF Photo)

Haines Is Named Hospital Mgr.

John F. Haines, the new associate administrator of St. Francis Hospital, takes over his new duties on Monday.

He is just joining the Third Order of St. Francis of Peoria, Ill., which owns the local hospital, after serving as assistant administrator at Alexian Brothers Hospital at St. Louis, Mo., for three years.

Haines was born in Eau Claire, Wis., and was graduated from St. Patrick's High School there and from Loras College in Dubuque, Ia., and took graduate work at the State University of Iowa at Iowa City, finishing there in 1959. From 1951 to 1953 he was in the Army as a medical corpsman and served in the Korean War.

He served a two year residency in administration at Luther Hospital at Eau Claire and went from there to St. Louis.

Haines is wed to the former Mary Ann Kinnick of Haugen, Wis., and they have two children, a daughter, Ann Marie, 3, and a son, Paul Michael, age 21 months.

Haines is seeking a home and his family will join him here as soon as he arranges for one.

Nearly 30 Floridians professionally interested in alcoholism attended special alcoholism schools in 1962 on scholarships sponsored by the Florida Alcoholic Rehabilitation Program.

John F. Haines

Beloit Man Killed In I-94 Accident

ST. JOSEPH (AP) — A Beloit, Wis., man suffered fatal injuries Friday and his parents were hospitalized when their car smashed into a bridge across the St. Joseph River on Int. 94.

Donald R. Roberts, 45, died at St. Joseph Memorial Hospital. His 77-year-old parents, Mr. and Mrs. Herbert E. Roberts, also of Beloit, were admitted to the hospital with multiple injuries.

State police said the car skidded on slippery pavement, struck one side of the bridge and careened to the other side.

Begin Solution Of Stambaugh's School Problems

CASPIAN—Possible solution to accreditation and building problems of the Stambaugh school district were given a tremendous boost this week as more than 200 residents met with the school board and other officials.

In sum, the group gave hearty approval to a proposal which would consolidate all school buildings of the district on the Stambaugh campus, with construction of a new elementary school and a building to house shops and the band.

If possible, a new issue will be placed before voters of the district April 1, spring election day.

As envisioned in preliminary discussions, the Gaastra and Caspian schools would be closed and students from those communities would be transported to a new building on the campus in Stambaugh. In addition, the present Central building, condemned by the fire marshal, would be torn down and replaced. The high school, in need of considerable renovation, would be repaired and improved.

The meeting was a followup of a meeting with some 80 residents a week earlier. The first meeting came as a result of actions by the school board after defeat of the \$450,000 bond issue.

Copper City Fire Truck Loss Set At \$30,000

HOUGHTON—Fire, the enemy of man, cast deep gloom in the hearts of residents of the Village of Copper City this week when their combination town hall, fire hall, community building and voting precinct, was destroyed by flames that swept through the building shortly before 10 p.m.

Two fire trucks, one of them a gift of the Calumet Division of Calumet and Hecla Inc., all firemen's supplies and equipment, village tools and equipment, kitchen facilities and furniture in the auditorium of the community building were destroyed.

Because the fire had burned to such an extent within, before noticed, nothing could be carried out safely.

A few important papers in the village clerk's safe are believed to be intact, but records in filing cabinets are believed to be destroyed or water soaked.

Eino Rinne, fire chief and Elmer Haltner, village marshal and fireman, estimated fire loss at \$30,000. The two fire trucks were fully covered by insurance, but the community center was only partially covered.

Joyce Salo, Student Nurse, Valentine Queen

ROCK—Joyce Salo, daughter of Mr. and Mrs. Toivo Salo of Rock was crowned Valentine's queen at the Ishpeming theater Thursday evening. The event is arranged by the Marquette and Alger County Nurses Association.

The 45 girls at the St. Luke's Nursing School in Marquette vote for whom they want queen and the three girls with the most votes become candidates. The girls were judged on their personality, beauty, academic marks, speech, poise and other activities.

Various business places donated gifts to the queen and the runners-up. In addition to the crowning ceremonies, the St. Luke's choir, of which Joyce is a member, sang several numbers. The Valentine party also included a show.

Joyce graduated from the Rock High School in 1962.

Wine has been used in medical practice for more than two thousand years.

Jobless Father Awaits Sentence In Bank Holdup

GRAND RAPIDS (AP)—Robert Studley Scott Jr., 51, of Onaway, who admitted a \$20,700 holdup Feb. 17 at the Alden State Bank, pleaded guilty to a charge of bank robbery in U.S. District Court Friday.

Judge Raymond Starr ordered him jailed in lieu of \$25,000 bond pending sentence March 5.

An unemployed father of four, Scott was arrested at a roadblock 30 minutes after he intimidated three bank employees with a .22 caliber pistol, tied them and fled with the loot. State police recovered the money and the gun with Scott's arrest.

Robert Williams, 34, of Grand Rapids, pleaded guilty to an information charging him with forging and passing a \$20 government check Feb. 4 in Grand Rapids.

He was jailed in lieu of \$1,000 bond to await sentence March 5. Donald R. Inman, 20, and Nolan R. George, 19, both of London, Ky., pleaded guilty to transportation of a stolen car Feb. 2 from Kentucky to Holland. They were remanded to jail under \$1,500 bond each for sentence March 5.

Eight ways credit
union members
save money!

If you want to save, you have to try. Here are eight methods credit union members use:

1. Save on payday. It's the only day you can!
2. Save as a habit. It's more important to save a dollar regularly than fifty dollars once in a blue moon.
3. Save another dollar. When you make your deposit, add a dollar to it. Squeeze yourself slightly!
4. Borrow when you need cash. Don't break up your savings.
5. Save while you repay your loan. With every payment, a deposit.
6. Save now. It never gets easier!
7. Save with the kids. Open accounts for them, help them get started.
8. Save for a purpose. Keep your objective clear in your mind.

Ouster Of Spain In Cuba Recalled

By W. B. RAGSDALE JR.
WASHINGTON (AP) — In 1898, Congressmen were demanding the ouster of Spain from Cuba in much the same way they now demand Russia be chased out. Then — 65 years ago today — the situation exploded into war with the sinking of the battleship Maine.
At 9:40 p.m., massive explosions shattered the Maine, sending her to the bottom of Havana Harbor. Exactly what caused the explosions still is a mystery.
But many newspapers and politicians quickly placed the blame on Spain. Public opinion was in on Spain. Public opinion was in-
On April 19, Congress passed a resolution declaring Cuba independent and directing President McKinley to use force to compel Spain's withdrawal from the island. Six days later war was declared.
Independence Granted
Spain lost the war and was finished as a world power. The United States emerged for the first time as a major power.
The United States quickly granted Cuba independence and began a close friendship that lasted until Fidel Castro came to power four years ago.
The crisis had been building for months over measures taken by Spain to suppress Cuban rebels.

Wall Colors Calm Jail Prisoners

GRAND RAPIDS (AP) — Interrogation rooms at the five-year-old Kent County Jail play a colorful role in the cases their walls embrace.
Upon advice of psychologists when the jail was completed in 1958, Sheriff Arnold Pigorsh has experimented painting the rooms with about a dozen color combinations.
"I find that sandalwood and light blue are the best all around colors," he says. "We've had excellent results from interrogations conducted in these rooms. I find these same colors and also light green appear to have a calming effect on prisoners throughout the jail."
Pigorsh says women respond best to blue while men also like the color but are equally comfortable and confiding in light tan surroundings. Yellow, red and dark purple produced negative cooperation from persons being questioned.
rival, but perhaps long ago. I can only surmise this."
A naval court of inquiry confirmed his judgment, finding that the explosion came from outside the vessel. It did not attempt to fix blame for the explosion.
In 1911, after the hulk was raised, a second U.S. court of inquiry confirmed substantially the decision of the first.

Two Soos Join In Fire Fighting

SAULT STE. MARIE (AP) — Canadians and Americans will be fighting major fires on either side of the border in Sault Ste. Marie in the future.
The fire chiefs of the two Sault Ste. Maries have announced a mutual aid agreement which will have Canadian firemen helping out in the American Sault, and American firemen assisting in major fires in the Canadian Sault.
If the major fire is on the Canadian side, Fire Chief Clifford I. Matheson will be in command, and if on the American side, Chief George DesJardins will be in charge of the international force.
The two chiefs reached the agreement informally, with approval of city administrations on both sides. The only problem was the use of "adapters" which will permit use of American equipment on Canadian fire hydrants, and vice-versa. Each department will have its own adapters to permit hooking up to the other side's water supply system.

American Church In Paris Unique

By JERRY EDGERTON
PARIS (AP) — "We marry, we bury and we baptize."
The American Church in Paris does carry out all these traditional functions. But its pastor, the Rev. Martin Van Buren Sargent, is quick to make it clear that the church's activities don't stop there.
Some of the other services of this unique religious institution are maintaining bunks for American soldiers on leave, providing a meeting place for the Paris chapter of Alcoholics Anonymous, running a bilingual nursery and supplying rooms for the American College in Paris.
Said to be the oldest U.S. church on foreign soil, the American Church held its first meetings in 1814 in private homes. In 1857 the church built a building and began to hold public meetings. This first church was on the Rue de Berri, near the Champs Elysees, in what is now the building of the New York Herald Tribune European edition. In 1931 the church moved across the Seine to its present spacious establishment on the Quai d'Orsay.
Although the approximately 500 seats of the church are filled nearly every Sunday for the interdenominational Protestant service, the Rev. Mr. Sargent says that actual membership is some what less than 200. "If you've been here three years, you're an old hand," he adds.
By this yardstick, the minister himself is not at all an old hand. He has been here four months. The 43-year-old pastor served in three churches in the United States before coming to Europe.
The Paris church is quite a new experience, says the Rev. Mr. Sargent, a New York City native. "I spent most of my time before working in American, suburban, white, Protestant communities. It's really something to look out over the congregation a Sunday morning and see Africans, Orientals and Caucasians all worshipping together."
He said that the diplomatic, mili-

Plant Expands At Grand Rapids

GRAND RAPIDS (AP) — Facilities of American Motors Corp. Kelvinator Division in Grand Rapids are being enlarged more than disclosed previously.
Henry Honlorp, manager of manufacturing for AMC, said the distribution and quality assurance center is being expanded by 120,000 square feet instead of the 70,000 square feet discussed last December.
Completion of the \$1.6 million

Hepatitis In Ionia

IONIA (AP) — Two cases of infectious hepatitis cropped up this week at Ionia.
City health officer Dr. John Tannheimer said both patients have been transferred to Blodgett Memorial Hospital in Grand Rapids for treatment.
project, plus a \$1 million modernization of the original Kelvinator plant in suburban Wyoming, is expected to add 500 persons to the 2,700 already on Kelvinator payrolls here.

Democrats Gain In Committees

WASHINGTON (AP) — Democrats will pick up 11 more committee seats in the Senate and strengthen their hold on seven key committees as the result of new ratios carved out by the party's Steering Committee.
Southern senators will be chairman of 10 of the 16 standing committees.
The new allotments, decided on Thursday, are expected to be approved by the Senate next week.
The Democrats were entitled to six new posts because of their net gain of three senators in last November's elections. Each member is entitled to two committee assignments.
The extra five are the result of assignments to third seats allowed on minor committees.
The Senate lineup is 67 Democrats and 33 Republicans.
These were the committees, and their new ratios, on which Democratic strength was increased by one:
Appropriations 18-9, Armed Services 12-5, Banking 10-5, Commerce 12-5, Foreign Relations 12-5, Judiciary 10-5, Public Works 12-5.
In addition, the size of Government Operations was increased from 9 to 15 members, but the same 2-to-1 ratio was maintained.
Sen. Edward M. Kennedy of Massachusetts, the President's brother and the youngest member of the Senate, drew two prize assignments, Judiciary and Labor.
The President himself gained prominence with legislation he handled as a member of the labor group as a senator.
Another freshman, Sen. Abraham A. Ribicoff of Connecticut, won the much sought-after vacancy on the Finance Committee. Ribicoff was a member of President Kennedy's original Cabinet as secretary of health, education and welfare.
Administration supporters on the steering group failed in their attempt to enlarge the Finance Committee to 19 members and add three Democrats instead of one. Its ratio thereby remains at 11 Democrats and six Republicans.

State Briefs

DETROIT (AP) — This week's domestic auto production will run about 12.6 per cent above the corresponding week of last year, Ward's Automotive Reports said Friday. Five General Motors Corp. facilities are the only plants scheduled for operation today, the statistical agency said. This week's car production is estimated at 152,169 units against 153,981 last week and 135,085 in the comparable week last year.
LANSING (AP) — Appointment of Norman Barnard, 49, of Troy, as Oakland County Probate Judge was announced Friday by Gov. George Romney. The appointment to the \$23,000-a-year post will run until the November 1964 general election. Barnard will succeed Arthur Moore, who was appointed to the Oakland County Circuit bench to succeed H. Russel Holland after Holland retired.

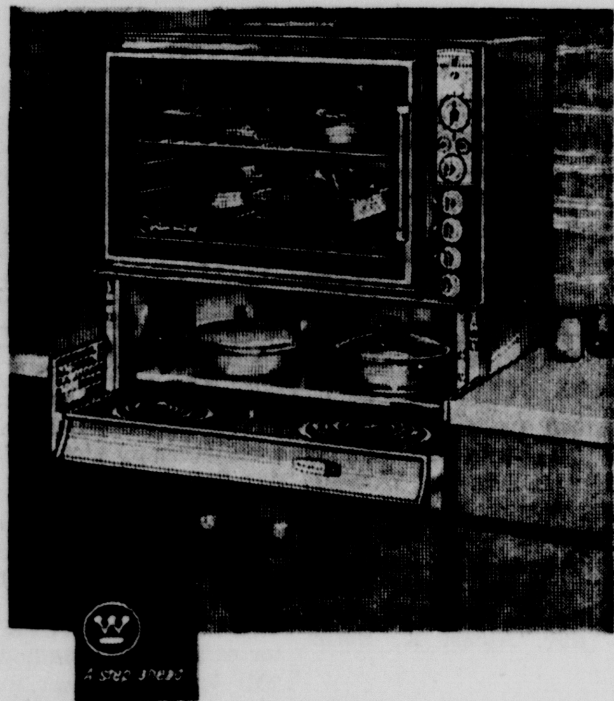

SUSAN LOWE—NOTED HOME ECONOMIST

"Because of the amount of baking crowded into your cooking school, it is necessary that I use two fast electric ranges. These are shown on this page. The one below is the new Westinghouse Continental Range. The one shown at the right is the new Westinghouse 30" Electric Range which is completely automatic! This range will be given away to some lucky person attending these cooking schools Monday and Tuesday evenings. I am sure you will enjoy this well planned school."

The New Westinghouse CONTINENTAL Electric Range

This Distinctive Smartly-Styled Electric Range puts everything at eye and arm level. In addition to its modern design, the Continental features the finest Westinghouse conveniences that make cooking so much simpler, food so much better and clean-up so much easier.

Note The Magic Mirror Door. It's made of double-paned and heat tempered "black" glass. The platform in the retracted position gives you two units; extended, all four units are available. Ask about the new Roast-Guard, the Triple Rotisserie, and the Safety-Matic Unit.

ESCANABA

PHONEST 6-1811

Briefly Told

Traffic court summons have been issued by Escanaba police to W. W. Tourangeau, Bark River Rte. 2, disobeying traffic signal; Edwin W. Provo, 800 Stephenson Ave., and Norbert A. DeGroot, Northland, both speeding.

Escanaba firemen were called out twice Friday: At 8:24 p. m. to the home of Mrs. Charles Perryman, 227 N. 10th St., chimney fire; and at 8:57 p. m. to the Clairmont Transfer at 1803 7th Ave. N., where a blanket caught fire after falling over a heater, causing minor loss.

The United Commercial Travelers' Friendship dinner will be held at Marco's Restaurant Wednesday, Feb. 20, at 7 p. m. Clarence Zeno, chairman of the membership committee, has arranged for two guest speakers, Clarence Larson and Warren Johnston.

Obituary

MRS. OCTAVIA DeMARS

Funeral services for Mrs. Octavia DeMars were held at 9 a. m. today at St. Joseph's Church with Father Farrell Byers, OFM, officiating. Burial was in Holy Cross Cemetery. Honorary pallbearers of the Third Order of St. Francis were Mesdames Herbert Legault, Mary Papineau, Arthur Tourangeau and John Decker. Active pallbearers were Lawrence LaCrosse, John McDermott, Clarence Weber, Edward DeMars Jr., Robert Anderson and Wilham Wiltz.

FULL-TIME JOB

Many wives try to hide their husbands' faults — and some have to work overtime doing the 'ob.

Charities Group Adopts By-Laws

Directors of Escanaba United Charities met Friday for the first time with the new executive director of the agency, George Grenholm of Escanaba, whose appointment was announced last week.

Grenholm, widely experienced in public relations, recreational activities and promotions, will serve part time as the executive of the new organization which will federate the financing activities of about 10 local volunteer public youth and health services and charity organizations.

A. W. Freeman, president of DUC, said that it would use payroll deduction, wherever possible to collect pledges of donations. The organization will conduct its fund campaign in Delta County in September to finance 1964 service programs in the county.

DUC is now developing its organization. Its executive committee approved by-laws at the House of Ludington luncheon meeting Friday and is now organizing representation on the board of directors from all member agencies of the group.

Hospital

Patients admitted to St. Francis Hospital on Friday included: Mrs. Alice Smith, Wilson; Russell Trepanier, Rte. 1, Rapid River; Carolyn Lunsburg, 617 S. 12th St.; Margaret McRandall, 308 S. 10th St.; Robert Jerow, 521 S. 12th St.; Theodore Peippo, Cornell; and Geraldine Gerou of Rte. 1, Gladstone.

Britain in 1961 changed from the Fahrenheit to the Centigrade scale for measuring temperature.

Michigan Week planners who met at the House of Ludington Friday included, from left: J. Willis Owen, Region 2 chairman, Marquette; Don Weeks, director, Greater Michigan Foundation, Lansing; Keith Forsberg, Marquette; Wyndal Hudson, Marquette; Gertrude Bleiler, Menominee; Charles Follo, Escanaba; Kenneth Brami, Marquette; John L. Farley, Menominee; James Gooch, Marquette; James Ripley, Menominee and Charles Nelson, Escanaba. (Daily Press Photo)

Observance For Michigan Week Will Be Lively

Full observance of Michigan Week May 19-26 in the five county Region 2 in the center of the Upper Peninsula was planned at a meeting of leaders of the week at the House of Ludington on Friday.

J. Willis Owen, chairman of Region 2, presided. He is a member of the faculty of Northern Michigan College, Marquette. Owen launched planning for widespread activities to promote Michigan in the region in Michigan Week, including programs in the schools, selection of the outstanding commercial products of the region as candidates for selection as product of the year in Michigan, agricultural promotion, development of hospitality to nourish tourism, and accent upon the state in higher education.

Don Weeks, of Lansing, executive director of the Greater Michigan Foundation which sponsors Michigan Week, told the U.

P. planners "Michigan Week is a vehicle to promote the state." He described the widespread activities scheduled to turn Michigan's attention inward upon itself and the nation's attention toward Michigan's growth and greatness.

James Gooch of Marquette, Michigan State University publicist, said a Flint television station has made a movie of Michigan for TV showing in Michigan Week which will show many Upper Peninsula scenes. Effort was made in the filming, he said, to relate U. P. activities to the week's theme of "Science and Research For Our Future."

The film will show Northern Michigan College, and Michigan Tech, the big Republic iron mine, the Ford Forestry Center and other development activities.

John Farley of Menominee reported a very active promotion of industrial products to get inclusion in the product of the year honor.

Michigan Week will observe Spiritual Foundations Day on Sunday, May 19, and then successively, Government Day, Hospitality Day, Our Livelihood Day, Education Day, Our Heritage Day, Our Youth Day.

Also attending the Friday planning meeting were: Keith Forsberg, Northern Michigan College, Marquette County chairman; Charles Follo, University of Michigan, Escanaba, Delta County chairman; Gertrude Bleiler, Menominee Chamber of Commerce manager, Menominee County chairman; James Ripley, Menominee Herald-Leader editor, regional publicity chairman; Wyndal Hudson, Marquette Chamber of Commerce director, regional hospitality chairman; Kenneth Brami, Marquette County school superintendent, educational chairman.

Delta chairmen included: George Harvey, government day; Don Pfotenauer, youth day; George Marcouiller, finance; Charles Nelson, education day.

High School Group Visits NMC Campus

MARQUETTE — More than 300 high school seniors representing 39 schools were expected on the Northern Michigan College campus today to become better acquainted with Northern and higher education.

The seniors will visit with administrators, faculty members and college students, tour the campus, and discuss their college plans with professors and counselors.

Fishing Conditions

NEWBERRY — Herring spearfishing continues good in the St. Marys River in the Shallows area and off Round Island, with good ice condition. Northern pike fishing has been very good in the Lime Island, Raber Bay and Johnswood areas of the lower St. Marys River. Some rainbow trout are being taken from Highbanks Lake using wigglers as bait.

Carp and Frenchman Lake continue to produce fair catches of pike, however, they are not more than the legal limit in size. Some very good catches of perch have been taken from Hulbert Lake, with deep water fishing being the most productive.

Bass Lake, Luce County has been producing some good catches of perch by fishing in the deep water using perch eyes as bait. Some fair catches of perch have been made on the north end of North Manistique Lake.

On Sunday, Feb. 10, Rodney Richards, of McMillan speared a 20 pound, 46 inch northern pike in Big Manistique Lake.

Cisco fishing has been fair on South Manistique Lake this week, with some catches of five fish being reported.

Pike fishing has been good on Hemlock Lake, Alger County, using tip-ups. Some pike have also been taken in Millicocks, Milakokkia and Manistique Lakes.

Jack Riorden, Seney, speared a 15 1/2 pound, 40 inch northern pike in Gulliver Lake on Saturday, Feb. 9.

BIRTHS

A son was born at the Tahquamenon General Hospital, Feb. 13 at 11:54 a. m. to Mr. and Mrs. Clifford Hanson.

All Saint's Episcopal church will sponsor a pancake supper on Shrove Tuesday, Feb. 26, starting at 5 p. m. in the Community Hall.

Brief

The Luce County Board of Supervisors at their last meeting passed a resolution whereby Luce County businesses are exempted from the Sunday closing act passed by the Legislature in 1962. The act states that stores must close one day a week (optional). Luce Supervisors by passed it for the convenience of tourists and the general public.

Members of the U.P. Law Enforcement Association who attended the meeting held Thursday in Gastra, were Sgt. Mario Formolo, Sgt. George Brunette of St. Ignace, Cpl. Louis Fantani, and Ernest Ruecker of the Conservation Department here.

The polls will open at 7 a. m. Monday, Feb. 18, for the Village Primary election and will close at 8 p. m. as announced by Roger Fretz, Village Clerk. Those working on the election board are V. A. Kauramaki, chairman, clerks Regina Frank, Mary Laborn, Mabel Stephenson, Alva Falstad, Gertrude Brown and Beda Erickson.

Pfe. Roland VanCamp of the U. S. Marines, stationed in Hawaii, is spending a 30 day leave here with his parents the R. VanCamps. He will report March 1 to New River, N. C.

Trooper David Leik of the State Police talked to the grade 8 pupils at the Hulbert School Thursday on bicycle, school bus and pedestrian safety.

County Clerk Wallace Thorson reports that a marriage license was issued to LeRoy Still of the U. S. Marines, from Kansas and Miss Lorna Torgerson of Curtis, George Lewis received a sum-

Hospital Site Vote Monday

NEWBERRY — Sale of a public park as a site for the new Tahquamenon General Hospital is being urged and opposed here and the issue will be decided in an election Monday.

A Save the Park Committee has stated: "The townspeople see no farther than their noses if they do away with a potential beauty spot which could conceivably bring revenue to them. Even if the park were never on a paying basis, 'man does not live by bread alone.' "If voters do away with the park the worst possible use for the property would be for a hospital. A traffic and noise problem would be created in the area; a hospital should be away from a residential area where its patients can have peace and quiet and a satisfying view."

Park site proponents for the hospital state: "The law under which we are to get 50 per cent of the funds to build the hospital requires that the new hospital be in the city limits. With this in mind some half dozen sites were looked at by the Luce County Hospital Commission and these were narrowed to three sites, the old hospital, the skating rink and the park."

"Architects and engineers analyzing the sites overwhelmingly favored the park site," said Robert Sayles.

If voters approve, this site the plans call for a one story brick and concrete building probably located near the west end of the park in order to take advantage of the three street frontage. The building would be attractive on all three street sides and the entire park area would be landscaped to improve the entire neighborhood and actually make an improved park out of over 80 per cent of the area, as the building would cover less than 20 per cent of the land."

Church Services

All Saints' Episcopal Church—W. W. Wiedrich, Vicar. Sunday, 9:45 a. m., Church School. 10 a. m., Adult Church School. 11 a. m., Holy Communion.

Bethlehem Lutheran Church—Evert E. Torckko, Pastor. Sunday, Feb. 17: 8:30 a. m., Finnish Holy Communion. 9:30 a. m., Sunday School. 10:30 a. m., English Holy Communion. At First Lutheran, Grand Marais: Finnish sermon at 2:30 p. m. and English worship with Holy Communion at 3 p. m. 2:00 p. m., Twenty-fifth wedding anniversary reception for Mr. and Mrs. George Rintamaki in the Bethlehem Lutheran Church hall. Public is invited.

NEW HORIZONS

With so many women working today, the coffee break has practically replaced the gab session over the back fence.

mons from the State Police for driving with defective brakes and William Blakely paid a total of \$8 in fines and costs, after pleading guilty when arraigned before Justice Albert Matchinske of Engadine on Wednesday for driving with a revoked license.

The Jaycees are having a dance tonight at the Village Club for the benefit of the March of Dimes. The Home and School Club of St. Gregory's School are planning a Card Party in the Parish Hall Sunday, Feb. 24.

Hospital admissions this week have been Mrs. Lillian Mercier, Mason Bergman, John White, Audrey Davis and Robert Brown.

Mrs. Ruddock Taken By Death

MANISTIQUE — Mrs. Louis Ruddock of Goodells, Mich., who taught school for many years in the Upper Peninsula and for the past 15 years at Goodells, died at 12:31 a. m. today in Port Huron General Hospital after an illness of six weeks.

Born Nellie Handl at Ludington, Mich., on May 3, 1906, she was a graduate of Northern Michigan College at Marquette and had lived at Goodells since 1933.

Surviving are her husband; her parents, Mr. and Mrs. John Handl Sr., of Cooks; two sons, William Handl of Cooks, Frank of Chicago; and three sisters, Mrs. Herbert Olsen and Mrs. Grace Smanesky of Cooks, and Mrs. John Morrison of Chicago.

Friends may call at the Messier-Broulliere Funeral Home beginning at 3 p. m. Monday. Funeral services will be held at the funeral home at 2 p. m. Tuesday and burial will be in Fairview Cemetery.

Northern Dean Is Author Of Text

MARQUETTE—Northern Michigan College announces publication of a new book, "The Free-Living Protozoa of the Upper Peninsula of Michigan," co-authored by Francis C. Lundin, an NMC graduate now teaching general science in the public schools of Santa Maria, Calif., and Dr. Luther S. West, dean of arts and science at Northern.

The book, published by the Northern Michigan College Press, is an illustrated guide for the collection, observation, culture, and identification of protozoa. Designed for the beginning student, the 192-page book contains 234 original drawings and a glossary of special terms.

Reorganized Church of Jesus Christ of Latter Day Saints — Church School, 9:40 a. m. Worship Service, 11 a. m. Study Class, 7 p. m. Wednesday, Mid-week service, 7:30 p. m. — Elder Rex Stowe, pastor.

GLADSTONE

Richards To Speak At PTA Meeting

Robert Richards, a member of the Gladstone Junior High faculty will speak to the membership of Central P.T.A. on the subject: "Recent Mathematical Changes in Our School System and Why," at their regular meeting at the James T. Jones School at 8 p.m. Monday.

Past presidents of the organization will be honored in observance of Founders Day. Refreshments will be served by mothers of Mrs. Conan Fisher's second grade pupils.

Rotary Club Will Be Host To Hi-Y

The Hi-Y Club will be guests of the Gladstone Rotary Club Monday noon at the Yacht Club and John Lemmer, former Escanaba Superintendent of Schools, will talk to the two groups on "If This Were My Last Chance To Talk to Youth, What Would I Say."

Wallace Cameron is program chairman and Dwight Stockholm is president of the Hi-Y Club.

Driver Arrested On Drunk Charge

William J. Rawley, 67, of Rte. 1, Escanaba, was ticketed by sheriff's officers for being drunk in or about a motor vehicle, following an accident at 8:45 p. m. Friday on County Road A-29, in front of the Triangle Bar at Ford River.

According to officers, Rawley was parked on the north side of the road facing west, when he backed across the road to make a turn and in doing so struck the left front fender of a car owned by Albert L. Leisner of Rte. 1, Bark River, parked on the south side of the road.

Rawley was released on bond and will be arraigned before Municipal Judge James Fitzharris on Monday.

Briefly Told

State Police ticketed the following motorists for traffic violations: Leland V. Louis, 1501 Michigan Ave., failed to stop for a red light; and Albert H. Deneau of Chicago, failed to stop for a flashing red light.

Perry L. Pardee of Ensign was sentenced to 90 days in the Delta County jail when arraigned before Justice A. J. Mortier Friday on a charge of driving while his license was revoked. Pardee was issued a summons by State Police on Friday for the charge.

Evangelical Covenant Church will hold their regular monthly family night supper at the Church Sunday with serving at 6 p.m. The Rev. Meldon Crawford, pastor of Memorial Methodist Church will be the speaker in the third of a series on "Fellow Believers in Christ," and will speak on Methodism.

The Evening Service Guild of Memorial Methodist Church will meet at the home of Mrs. Joseph Butch, 1120 Dakota Ave., at 8 p.m. Thursday. Mrs. R. A. Watson will be the assisting hostess and devotions will be led by Mrs. Wilbur Montgomery. Mrs. Donald Anderson will present the program.

Winter Queen To Be Crowned

One of three Gladstone High School students, Carol Hoverman, Sally Hupy or Marilyn Peltonen, will be crowned Winter Carnival Queen during the annual Queen's Ball in the high school gymnasium this evening. The girl chosen will be crowned queen by Wallace Cameron, superintendent of schools.

The three girls were selected from a group of six contestants following judging of their skating ability, poise, personality and popularity. Grant Hess, Dr. B. H. Skellenger and Wallace Cameron were in charge of the selection.

American Legion skating races will be held at the city rink beginning at 7 p. m. today with Peter Schram in charge of the events. Cups and ribbons will be awarded the winners at the Gladstone Ski Club banquet to be held in the high school March 25.

Skiing competitions will be held at the Gladstone Ski Park on Feb. 23 and 24 and will be under the direction of Walter Palmquist.

Driver Injured In Auto Mishap

A Rte. 1, Rock man, Andrew J. LeBresh, 36, was hospitalized shortly after 4 a.m. today as the result of injuries sustained in an accident on M-35, about one mile south of Perkins.

LeBresh suffered lacerations about the face and possible chest injuries.

According to State Police, LeBresh said he must have fallen asleep at the wheel, crossed to the left side of the road where the car ran off the shoulder and struck a tree. He was headed north at the time of the mishap. Officers are continuing their investigation.

Obituary

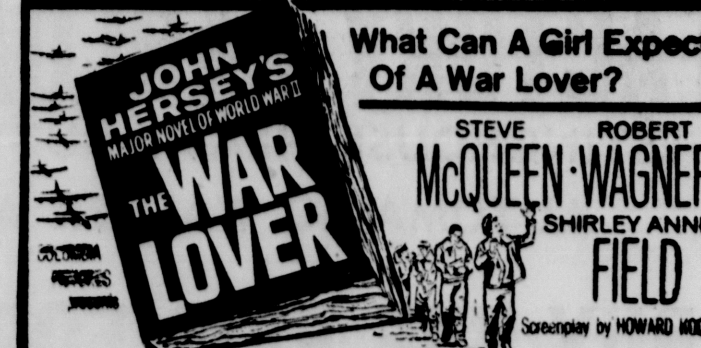

FRANCIS J. SMITH

Funeral services for Francis J. Smith were held at All Saints Church at 9 a.m. Friday with the Rev. Father James B. Nesbitt, of Saxon, Wis., officiating. Burial was in Fernwood Cemetery. Pallbearers were William Call, Leonard Gravell, Robert Heminger, Ed Perman, Fred Boddy and John Pratt. Military rites were accorded by August Mattson Post, American Legion, with William Swenson as chaplain and Peter Schram, commander.

This is the Enrico Fermi Atomic Power Plant as it nears completion near Monroe, Michigan. (AP Photo)

Atomic Reactor Plant At Monroe Is Fast-Breeder

MONROE (AP) — The Atomic Energy Commission says that "for the long-term benefit of the country, and indeed of the world," it is time more emphasis should be placed on so-called fast-breeder atomic reactors.

Scientists and engineers have been battling—sometimes in retreat—to build such a steam-generating, power-making reactor at nearby Lagoona Beach on Lake Erie.

Dr. Enrico Fermi, an Italian physicist, the first man ever to split an atom and also the first to control atomic chain reaction, said in 1945:

"The country which first develops a breeder reactor will have a great competitive advantage in atomic energy."

Ready By April
The world's largest breeder-type reactor—and the only one privately financed and designed specifically for production of electricity—may be in operation in Michigan before April 1. It has been named "Enrico Fermi."

Other types of reactors already are producing electricity, and in some instances at costs almost competitive with coal-burning boilers. But they burn up uranium

235 fuel, found only in dribblets within plentiful but non-fissionable (non-splittable) uranium 238.

A fast-breeder reactor is designed to produce more fuel than it burns, by converting U238 into fissionable plutonium 239. The "Enrico Fermi" reactor is expected to produce 1.2 pounds for every pound it burns.

Not too distant, experts agree, is the day when fissionable uranium will be hard to come by.

Thus, a reactor that will pro-

duce more fuel than it burns could fuel other reactors, and, as the AEC says, "solve the problem of adequate energy supplies for future generations."

Started In 1956

Back in 1950, the Detroit Edison Co. and Dow Chemical Co. began studying the feasibility of using nuclear heat in the operation of a steam-electric power plant and obtained an AEC "go-ahead" to design one in 1951.

They enlisted a group, primarily made up of utility companies, to join them in financing and building "Enrico Fermi." An AEC construction permit came through Aug. 4, 1956, and ground breaking began 23 days later.

Originally the total cost was estimated at \$69 million. In late 1959 it was estimated that initial nuclear operations would begin in late 1960. By 1962 Enrico Fermi has absorbed more than \$100 mil-

lion, and it still hasn't, so to speak, turned a wheel.

The spiraled costs and the delay weren't entirely unexpected. Nobody else in the world ever had tried to build anything like "Enrico Fermi." Everything had to be designed from scratch, then built and tested for both performance and safety.

Now, says Manager Robert W. Hartwell of Power Reactor Development Co., "Enrico Fermi" will be ready by late this month or early March to take on a load of atomic fuel and begin initial operations.

Only Four Others

But in initial operations the plant will make no steam and produce no electricity. Hartwell says it may take three to five years to work up to a planned output of 150,000 kilowatts of electricity—enough to supply all the needs of an average city of 100,000 population.

There are only four other fast-breeder reactors in the world—all of them experimental.

One is owned by the United Kingdom.

Two are owned by the U. S. Atomic Energy Commission and are at the National Reactor Testing Station near Idaho Falls, Idaho. Russia has the fourth.

Michigan already has a non-breeder atomic power plant producing electricity. It is at Big Rock Point, near Boyne Falls and was built by Consumers Power Co. at a cost of \$27 million. But it will produce no fuel to replace that which it burns.

Consumers Power estimates by 1966, it could be burning plutonium bred and born at "Enrico Fermi."

Dr. Mordechai Kreinin, Michigan State University economist, has suggested that a business Peace Corps be enlisted to give technical assistance to underdeveloped countries.

DAILY PRESS
Escanaba, Feb. 16, 1963 11

Astronauts Get License Plates

By The Associated Press
Prince Albert of Belgium, who contracted influenza on his Canadian tour, has been pronounced well enough to leave Ottawa, but a final decision on a ski holiday in Banff, Alta., will depend upon the state of his health when he reaches Calgary, about 85 miles from Banff.

Prince Albert, 28, became ill on Wednesday, the first day of his 12-day tour of Canada. Officials said he will complete the remainder of his tour.

Florida license plates are in the mail to five of the nation's seven original astronauts. The five, and their 1963 tag numbers, are:

Virgil (Gus) Grisson, 2-38801; Walter Schirra Jr., 2-38802; Leroy G. Cooper Jr., 2-38803; Donald Slayton, 2-38804; and Allan B. Shepard Jr., 2-38805.

An automobile dealer supplies cars for the astronauts through a distributor in Jacksonville. The men use the cars only while in Florida and they pay a token fee, a spokesman said.

BUT WHAT ABOUT NOW?

BOWLING GREEN Ohio — Those males who consider the attractiveness of coeds when applying for college could do worse than reflect on Bowling Green State University.

Both Jacqueline Mayer, Miss America of 1963, and Bonnie Gawronski, Miss Ohio of 1963, were Bowling Green State students at the time of their succession to their titles.

Women's Activities

Practical Nurses Meet Wednesday

Delta District, Michigan Practical Nurses, will meet at the Sloan Nursing Home, 805 Wisconsin Ave., Gladstone, Wednesday, Feb. 20, at 7:30 p.m. Mrs. Ruth Holm will tell of her experiences in Alaska. A social hour will follow the program.

Social-Club

Elks Bridge League
The Elks Duplicate Bridge League will hold its regular session Sunday afternoon in the lounge of the Elks Club. Play will begin at 1:15.

Home and School
St. Patrick's Home and School Association will meet Monday, Feb. 18 at 8 p. m. in the Parish Hall. The sixth grade mothers are in charge of the social.

Church Events

Bethany Committee
The Church Property committee of the Board of Administration of Bethany Lutheran Church will meet in the Youth Fellowship Room at 7:30 p. m. Monday.

First Presbyterian
The Men's Breakfast Forum will meet at First United Presbyterian Church Monday at 7 a. m. Board of Deacons meeting is scheduled for 1:45 p. m. and Choralier Choir practice will be held at 3:45 p. m.

E. R. A. Monday
Equitable Reserve Association will hold its monthly meeting Monday meeting Monday night at Grenier's Hall. A social will follow the business session.

Eastern Star
Regular meeting of R. C. Hatheway Chapter 49, Order of the Eastern Star, will be held at the Masonic Temple Tuesday, Feb. 19, at 7:30 p. m. Refreshments will be served. Mrs. Nels Ebbesen is chairman of the committee for the evening.

Birthday Party At Meeting Of B. & P. W. Club

Members of the Escanaba Business and Professional Women's Club observed the club's anniversary at their dinner meeting held at the Sherman Hotel.

Trooper Darrell Pope of the Gladstone Post of the Michigan State Police talked to club members on narcotics. Members were told of the legal and illegal phase of narcotics and the various drugs that are used by addicts. Sixty to 75 per cent of all crimes committed in the United States are committed through drug addiction, Trooper Pope said. Heroin and marijuana are the drugs that are primarily responsible for most of the drug addiction in the country.

A social hour followed the program and a birthday cake and coffee were served to the members and guests. Mrs. Caroline Nystrom was chairman of the evening and she was assisted by Marion Oliver and Mary Newton.

Births

ELIE — A son, James Robert, is the second child of Mr. and Mrs. Lawrence J. Elie, 11 University, Wells. The infant was born Friday, Feb. 15 in St. Francis Hospital at 2 p.m. and weighed 6 pounds and 8 ounces. Mrs. Elie is the former Victoria Charlebois.

SYVERSON — The third child of Mr. and Mrs. John O. Syverson, 915 Michigan Ave., Gladstone, is a boy, John Paul. The infant, who weighed 8 pounds and 3½ ounces, was born in St. Francis Hospital Friday, Feb. 15 at 5:17 p.m. Before her marriage Mrs. Syverson was Patricia Young.

Among successful plants introduced in the United States through the efforts of the late David Fairchild are Persian melon, Guatemalan avocado, Egyptian cotton, Peruvian alfalfa, the Chinese soy bean and Japanese zoysia lawn grass.

Mrs. Wilfred A. Murray (Lee's Studio)

Barbara Bellefeuil Is Wed To W.A. Murray

In a double ring ceremony today at 11 a. m. Barbara Louise Bellefeuil and Wilfred A. Murray exchanged wedding vows in St. Francis Xavier Catholic Church in Spalding.

Rev. Walter Franczek performed the nuptials for the daughter of Mr. and Mrs. Eli Bellefeuil of Powers and the son of Mr. and Mrs. Ernest Murray, also of Powers.

Honor attendants for the bridal couple were Miss Diane Bal, a friend of the bride and the bridegroom's brother, Terry. James O'Neil and Patrick Popelka seated the guests.

For her wedding, the bride, who was given in marriage by her father, chose a ballerina length gown of white taffeta with a lace front panel caught at the waist with a taffeta bow. The bodice was of white lace with three-quarter length sleeves. A princess crown held her fingertip veil with iridescent sequins and pearls. She carried a colonial bouquet of tangerine roses circled with white carnations and with trailing ivy.

Miss Bal wore a peach brocade gown with a satin cummerbund, and streamers in back attached to a self-flower. Her headpiece was of chiffon with teardrop pearls. Her flowers were a crescent-shaped bouquet of peach and white carnations.

Mrs. Bellefeuil was attired in a dress of beige lace with green accessories and the bridegroom's mother chose green and brown to complement her beige lace dress. Both mothers were presented with green and white carnation corsages.

A reception will be held this afternoon and early evening at the home of the bride.

Both Mr. Murray and his bride are graduates of Powers-Spalding High School. The bride attended IBM School in Milwaukee and the bridegroom is currently attending Badger Business College in Green Bay, where the newlyweds will reside at 302½ S. Jefferson.

COMPLEX

The more civilized we become the more legal machinery there is to dust, oil and polish.

Lake Superior Conference Held At Grace Church

POWERS-SPALDING — The Lake Superior Pre-Lenten Pastoral Conference was held at Grace Evangelical Lutheran Church in Powers Tuesday and Wednesday. Rev. Eugene Kitzrow of Crivitz, Wis., was guest speaker at special services for the congregation Tuesday evening.

Attending the Conference were Pastors Richard Lauersdorf, Sault Ste. Marie, Canada, Theophil Hoffman, Rapid River and Gladstone, John Wendland, Escanaba, Philip Kukhahn, Powers and Hyde, Eugene Ahlswede, Florence and Iron Mountain, H. A. Scherf, Daggett and Wallace, Donald Sellnow, Menominee, A. A. Gentz, Marinette, Kurt Geyer, Peshtigo, J. P. Sauer, Peshtigo, Eugene Kitzrow, Crivitz, Donald Laude, Coleman, Victor Schultz, Lena, R. C. Biesmann, Abrams, and Richard Frohman, Sault Ste. Marie, Mich.

Schaffer

Card Party
Members of the Fireside Card Club met at Potvin's Fireside Room Wednesday evening and at the same time surprised Mrs. Maurice Gauthier with a pink and blue shower. Mrs. Gauthier was presented with many beautiful gifts. Prize winners were Lois Mazur, Jennie Taylor, Mary Margaret Michel and Jean Butryn received the guest prize. Olive Racicot, as hostess, served lunch.

The Robert LaVigne family moved to Bark River where they purchased the Phil Duffrin home. The Raymond Viau family is leaving Saturday for Oak Ridge, Tenn., where he is employed at the Atomic Reactor Building. Philip Viau is also employed there and his family will join him in the near future.

Mrs. Ben Mac of Chicago is visiting with her parents, the Victor Augers.

Harold Schermer of Chicago and Mr. and Mrs. Robert Stenfors and daughters of Milan, Ill. were here to attend the funeral of their grandfather, Eugene Auger, which took place Thursday in Escanaba.

Powers-Spalding

Club Meeting

Mrs. Ann LaBonte gave the Extension Club lesson on "Copper Enameling" at the Wednesday evening meeting held at the Joseph Gorzinski home. She demonstrated the lesson by making two pairs of earrings. The next meeting will be at the Arthur Corriveau home in Wilson Feb. 21. The lesson "Preparation of William Nelsen and Mrs. Ray Vegetables" will be given by Mrs. Peterson.

LIVE IT

Set a good example for your children—it makes a deeper impression than verbal instructions.

Edward Beauchamp and Mrs. Nelson LaBonte. Lunch Wednesday evening was served by Mrs. 21. The lesson "Preparation of William Nelsen and Mrs. Ray Vegetables" will be given by Mrs. Peterson.

Pre-Lenten Party At St. Patrick's Wednesday Night

Members of St. Patrick's Guild and other women of the parish are sponsoring a pre-Lenten public card party Wednesday, Feb. 20, at 8 p. m. in the parish hall. Players may select their own game. A high score award will be given at each table and there also will be a special guest award. Dessert lunch will be served.

Mrs. Lee McMillan is chairman and Mrs. Ed O'Leary is assisting chairman of the party. Their hostess committee is Mesdames Marcial Sorenson, Gunnar Hornblad, Louis Carr, Arthur Christensen, Carl David, George Harvey Jr., Lon Vandervort, Ed Nelson, Warren Johnston, Donald LeMire, William Davis and Harry Jamar.

Newcomers' Club Meeting Tuesday

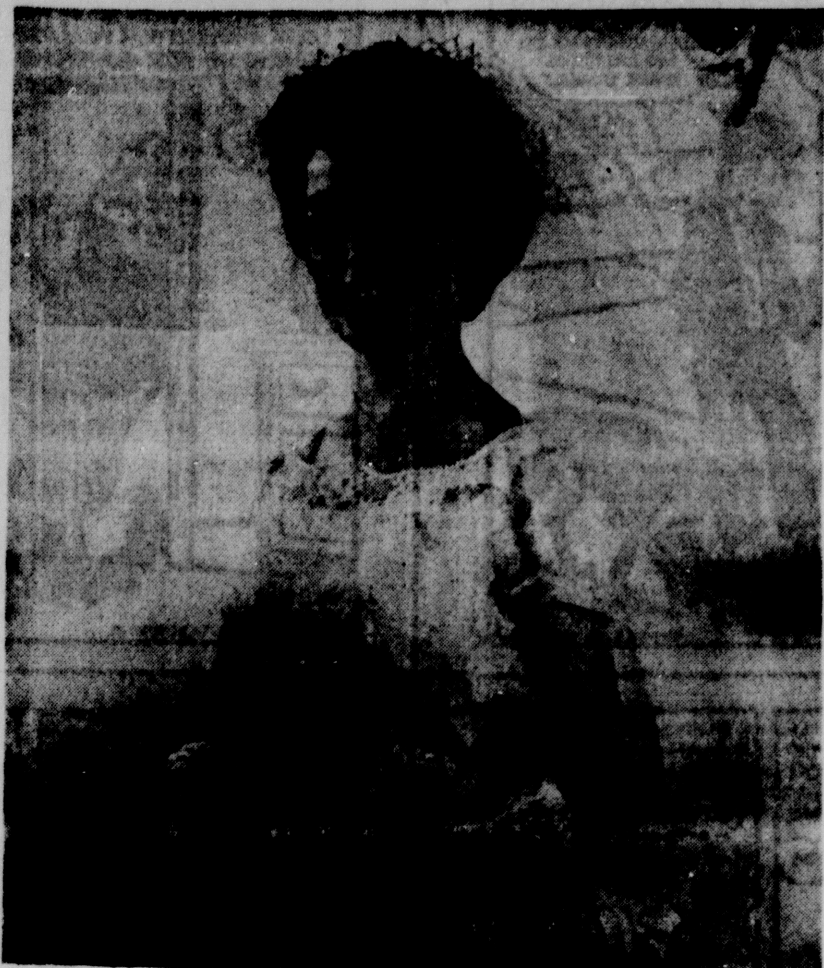

Escanaba Welcome Wagon Newcomers' Club will hold its regular monthly meeting Tuesday, Feb. 19, at 8 p. m. in St. Stephen's Guild Hall. All newcomers to the Escanaba area are invited.

A business meeting will be followed by bridge. A handicraft class will be held for those who do not wish to play cards and interested members are asked to have an empty plastic bleach bottle with a handle.

POST POPULARITY

James Fenimore Cooper, author of "Last of the Mohicans" and other Indian tales, traveled widely in Europe in his later years and became critical of American ways. His opinions lost him much of his popularity in America.

Women's Activities

Mrs. Anthony T. Scheriff (Milligan Photo)

Evelyn Jean Snow And Anthony Scheriff Wed

Wedding vows were spoken by Anne's Catholic Church in Escanaba.

Father Stephen Mayrand performed the 11 a. m. double ring ceremony for the daughter of Mr. and Mrs. Robert M. Snow of 402 S. 7th St. and the son of Mr. and Mrs. Herbert Scheriff Sr., 1020 9th Ave. S. Altar vases held arrangements of white gladiolus and blue iris.

The couple will be feted at a reception from 1 to 4 p. m. at the Dells Supper Club. Matron of honor for her sister was Mrs. Elaine Connelly of Sioux Falls, S. D. and bridesmaids were Judy Anderson and Carole Douck, Escanaba. Their cottillion blue sheath dresses of nylon acetate were styled with detachable overskirts which formed front bows. The bodices featured scoop necklines and short sleeves. They wore matching pillbox hats with veils and their flowers were deep pink carnations with white bows.

Bridal Gown

The bride was attired in a gown of silk organza over taffeta. Re-embroidered Alencon lace molded the short pleats in the front and back of the chapel train skirt. The scoop necklined bodice was accented with a flat bow at the front of the waistline. Her imported French illusion elbow length veil was caught to a crown of seed pearls and crystals. She carried a cascade of white feathered carnations and the bouquet she placed on the altar of the Blessed Virgin was formed of blue and white flowers.

Herbert Scheriff Jr. of Gladstone, served as his brother's best man and groomsmen were Willard LaMarche, Escanaba, and Thomas Mahoney, Sault Ste. Marie, Ontario, Canada. Allan Villeneuve ushered with Michael Wagner.

Corsages of beige cymbidium orchids complemented the mothers' ensembles. Mrs. Snow chose an emerald green jacket sheath of soft wool, toast pillbox hat and matching accessories. Mrs. Scheriff was attired in a wool sheath of light mint green with which she wore a beige straw hat and brown accessories.

When the newlyweds leave for their honeymoon the bride will wear an aqua sheath with jacket, brown accessories and a corsage of pink sweetheart roses and white carnations. Their home will be in Enid, Okla., where the bridegroom now is stationed at Vance Air Force Base in OTS with the U. S. Air Force.

The bride was graduated from Holy Name High School in 1960. Her husband, also a Holy Name graduate received his Bachelor of Science degree from Michigan State University.

Wedding guests were from Green Bay, Marinette, Milwaukee, Sault Ste. Marie, Ontario, Sioux Falls and Chicago.

Hermansville

St. Anne's Society

St. Anne's altar society of St. Mary's Church met at the church parlors recently. The newly elected officers were in charge, president, Mrs. Edward LeMaide, vice president, Mrs. Gladys Conard, treasurer, Mrs. Clifford Gustafson, and secretary, Mrs. Frank Rodman.

Fr. Gerard LaMothe's discussion was from the "My Imitation of Christ" entitled "Prudence in What We Do." He announced the 40 Hours Devotion will be held March 3 and 4.

After the meeting lunch was served by Mrs. Mary Weaver, Mrs. Edward Arnold and Mrs. Adam Ayotte.

Past performances are important, but it's today's and tomorrow's that really count.

Rosemary Cayer Bride Of Andrew W. Budkis

St. Patrick's Church in Escanaba, bouquets of gladiolus and pompons on its altars, was the setting today for the wedding of Rosemary Ann Cayer and Andrew Walter Budkis. Parents of the couple are Mrs. Mary Cayer, 405 S. 12th St., Escanaba, and Mr. and Mrs. Walter Budkis Sr., Gladstone Rte. 1.

The vows were repeated in a 10 a. m. double ring ceremony performed by Father Charles Olivier.

Honor attendant was Rose Beauchamp and bridesmaid, Barbara Romashko. Francis Beauchamp served as best man for his cousin, Gerald Romashko was groomsmen and the ushering duties were performed by Kenneth Trotter, a cousin of the bride, and Lionel Krebs, uncle of the bridegroom.

The bride's gown of traditional white slipper satin was designed with a fitted bodice, Sabrina neckline, trimmed with lace and accented with pearls and sequins, long fitted sleeves and bouffant skirt. Her veil of tulle was caught to a tiara, trimmed with pearls. She carried a cascade style bouquet of white feathered carnations and red sweet-

heart roses and at the close of the service she placed a bouquet on the altar of the Blessed Virgin. Sleeveless jacket dresses of light blue were worn by her aides. They were made with fitted bodices, scoop necklines forming a V in back and full skirts. They wore matching headbands of flowers and their blue and white bouquets were edged in blue net.

A navy print with matching accessories was the choice of Mrs. Cayer for her daughter's wedding and Mrs. Budkis wore a black and white ensemble. Their corsages were pink carnations.

Flowers of blue and white will center the bridal table during the reception at Flat Rock Town Hall.

The couple will tour the Upper Peninsula and will reside in Flat Rock.

The bride attended Escanaba Senior High School and the bridegroom is a graduate of the same school.

Of all the various methods of brewing coffee, percolating is the favorite, a manufacturer of coffee-making equipment asserts.

Mrs. William Albert Goodreau, who repeated her marriage vows in a Feb. 9 ceremony at St. Anne's Church, is the former Patricia Ann Boudreau, daughter of Mr. and Mrs. Leo Boudreau of 1020 5th Ave. S. A reception at Teamsters' Hall followed the 10 a. m. nuptial service. (Ridings Photo)

Eagle Awards Will Be Made

Four Manistique Scouts of Troop 402 will receive Eagle awards at a banquet at 6 p.m., Tuesday, Feb. 19 in Zion Lutheran Church. The presentations will be made by Harold Kriewald, of Niagara, Wis., president of the Hiawathaland Boy Scout Council.

Ralph Smith of Marquette, Scout executive also is expected to be present for the ceremonies, during which other awards also will be presented.

The program will include performances by the Order of Arrow Indian Dance team from Escanaba.

The Scouts who will receive the coveted Eagle awards are Ernest Haas, Dennis Barnes, Robert Bontekoe, and William Hentschell Jr.

St. Francis Library Given Memorial Books

The book, "By the Shores of Silver Lake" by Laura Ingalls Wilder, an addition to the children's collection of good literature, has been given the St. Francis de Sales Library as a memorial to the late Mrs. Della Bodette of Escanaba, mother of Mrs. William Barker of Manistique. In addition, two books, "Farmer Boy" and "On the Banks of Plub Creek" by the same author, were presented as a memorial to the late Henry Gauthier by friends of the family.

Briefly Told

The VFW Post 4420 has postponed the joint Post and Auxiliary meeting which was to have been Feb. 19 to March.

Churchmen of Zion Lutheran Church meet Monday at 6:30 p.m. in Augustana Hall for supper and a business meeting. All men of the church are welcome.

Lakeside Lodge 371 will hold a special communication Monday at 7:30 p.m. at the Masonic Temple to confer the Master Mason's degree. Lunch will be served. Visiting Masons are invited.

Couple's Club of Zion Lutheran Church meets at 1 p.m. Sunday at the church for a "family outing" of skiing and tobogganing at Thunder Bowl. Potluck supper will be served in Augustana Hall following the afternoon activities. Couples are reminded to bring table service.

An urgent appeal for a bed, spring and mattress, blankets, dining table and chairs, dressers, cooking utensils and dishes has been made for a woman with nine children. The mother has made arrangements for a home for the family but needs these articles to complete it. Persons with materials to be picked up may call the Bureau of Social Aid, 341-2090.

Alfred F. Kasier, 33, of Cooks was ticketed by State Police for excessive speed after an accident in which a tractor-trailer he was operating went off the shoulder and hit trees on County Road 442, a mile north of U.S. 2 at 10 p.m., Wednesday. Kasier and the owner of the equipment, LeRoy Smith, 48, of Cooks, who was a passenger, suffered minor injuries, which were self-treated.

Horizontal gravestones of piers form the paving on the terrace of Bluebeard's Castle in St. Thomas, Virgin Islands, where it is customary to drink a toast to the "unseen guest."

Camping Inquiries High At Show

Ted Hentschell, past president and a member of the Top O' Lake Michigan Chamber of Commerce reports 425,000 persons attended the 10-day Sportsmen's and Vacation show at International Amphitheatre in Chicago.

Hentschell represented the C-C in the show sponsored by the U.P. Tourist Assn. For the Schoolcraft area, about 8,500 pieces of literature were distributed.

John Marshall, who is sheriff of Cochrise in the TV world, was master of ceremonies for the event, which attracted booths from all parts of the nation, and Canada. Individual as well as group booths were operated at the show, which one day had a peak attendance of 90,000.

Many questions were asked about camping, in trailer parks and parks, skiing, real estate and accommodations also were asked about. Those inquiring about real estate were given cards on which they could indicate the type property they sought. Check-off lists were filled out by those interested in vacationing in any of the six geographic areas of the U.P. a 9ss S.I.-On8r ovb

Competition for tourist interest was tremendous. Areas which do not support their C-C and the program of the Tourist Association are faulty in their reasoning, Hentschell stated.

Carl Graves, C-C executive secretary reports the Chamber here also will participate with the Tourist Assn. at the show at the state fairgrounds coliseum in Detroit March 1-10, Milwaukee Sentinel Sports, Boat and Vacation show in the Milwaukee Arena March 16-24 and the Northwest Boat, Sports and Travel show at the Minneapolis Auditorium, March 29-April 7.

The county also will be represented in at least four other shows in which the Michigan Tourist Council will participate. These include Indianapolis and Cleveland.

The area anticipates a good tourist year, as this is the first in which the county has participated "full blast" in the shows through the Tourist Assn. Inquiries from the Chicago show will begin coming in about a week, Hentschell said.

First Aid Course
Trooper Ken Rhynard of Munising completed the First Aid refresher course he has been conducting here. Members of the class were Mrs. Francis Morrison, Mrs. Warren Anderson, Mrs. Robert Meyers, Mrs. Alvin McDowell, Mrs. Clyde Hutt and Mrs. Richard St. Martin.

The Lutheran Aid met Tuesday evening at the home of Mrs. Walter Niemi.

Mr. and Mrs. Russell Bowersox returned from Albion, Ind., where they attended the funeral of her sister, Mrs. Florence Schlotterback. They also visited relatives in South Bend, Ind., and Marshall and Wayne, Mich.

Misses Edith and Thelma Smeltzer of Goshen, Ind., are spending a week with their sisters, Miss Verda Smeltzer and Mrs. M. Schrock.

Mrs. Mae Hutt and Mrs. Ruth England attended the Rural Teachers' Club meeting in Manistique.

Les Walstrom conducted the 4-H boys on a tour of the C. C. I. electric lumber mill at Shingletown.

Knights of Columbus of Seney entertained Manistique members at a Valentine party at the Town Hall.

Mr. and Mrs. David Marintette from Munising spent the weekend here with her parents, Mr. and Mrs. W. Niemi.

Miss Donna Nettleton from Munising spent the weekend here with her grandparents, Mr. and Mrs. Francis Morrison.

Birth
Mr. and Mrs. Thomas Fitzpatrick of Des Moines, Iowa, are the parents of a son who weighed 7 pounds and 7 ounces. Mrs. Fitzpatrick is the former Peggy Riordan, daughter of Mr. and Mrs. J. J. Riordan.

Mrs. Clara Bonnenberg has gone to White Pine where she will be employed.

The local Mennonite Church's Young People were hosts to the district young people's group held at the Curtis School Friday evening. Games were enjoyed and lunch was served.

Ronald St. Martin and Milo Gonsler Jr. have returned to Northern Michigan College after spending the mid-term vacation at their homes here.

Mr. and Mrs. Warren Anderson took their son, Wayne, to St. Luke's Hospital at Marquette on Tuesday where he will undergo bone surgery.

Art Kalezenski, who is employed at Detroit, spent the weekend at his home here.

The 4-H boys and girls and their leaders held a meeting at the town hall Monday. Films on Leather Craft and Knitting were shown. Plans were made for a bake sale.

Seaman and Mrs. Jack Panula and children have returned to Waukegan, Ill. after visiting here with Mr. and Mrs. George Tull and with relatives in Newberry.

Mr. and Mrs. Warren Anderson and family visited Sunday at the home of Mr. and Mrs. Raimo Kahavokka at Germfask.

The school children enjoyed a Valentine's Day party at the school Thursday afternoon. The P. T. A. ladies provided cookies and ice-cream. Pre-schoolers who were invited were: Beatrice Maxson, Cindy Sadler, Jeff Summers, Mike Hollingshead, Todd Sherwood, Susan England, Timmy McMahon and Dewey Meyers.

Jack Riordan caught a 16 pound pike while fishing through the ice on Gulliver Lake on Saturday.

Mrs. Kenny McDonald, daughter of Mr. and Mrs. Norman Nelson was graduated on Jan. 30 from the Mueller School of Beauty Culture, in Waukegan, Ill. Mr. and Mrs. Nelson attended the graduation exercises.

Miss Beth Tobin was one of the five Newberry High School students who took part in the Music Festival at Indian River on Saturday. They were accompanied there by their instructor, Mr. E. Lawson.

Redeemer Women Meet Wednesday

The Women's Assn. of the Church of Redeemer meets in Westminster hall at 3 p.m., Wednesday. Hostesses will be Mesdames Ludwig Hough, John Davidson and Fred McNally. Mrs. Earl Williamson will be program leader. A nursery supervisor will be available for young children coming with their mothers.

Hospital
Patients admitted to Schoolcraft Memorial Hospital are Karen Demars, Alfred Kristofferson, Ruth Popour, Zita Price, Gerald Popour, Lucille Fox, Margaret Skids, Donald McArthur and Jeanne Van Remortel. Discharged are Edmund Guertin, James Marks, Rosalie DesArmo, Kenneth Gola, Leo Cameron, Clara Reno and Miley Londo.

Polio Helps U.S. In British Guiana

WASHINGTON (AP) — Just before Christmas, the terror of a polio epidemic struck British Guiana. Its anti-Yankee government called for help, and got it from the United States.

The Air Force rushed in doctors from the U.S. Public Health Service and Baylor University, plus 200,000 doses of vaccine, iron lungs and other equipment.

As specialists from Baylor treated the victims, the Health Service's team of four medics set to work to stop the epidemic by immunizing 100,000 children in the South American colony of 600,000 persons.

Within a month, there were dramatic results.

Dr. Henry M. Gelfand, head of the Health Service team, reports that hospital admissions hit a peak of 83 new cases in the week ended Jan. 5. But last week only nine new cases were reported.

Today the mission is almost completed. The Health Service team has returned to its base at the Atlanta, Ga., Communicable Disease Center. Three members of the Baylor group are due home today. Two others are staying behind.

American officials believe the group scored a double success—not only stamping out the epidemic but also cauterizing the anti-American sentiments of Guiana's left-leaning premier, Cheddi Jagan.

The U.S. Agency for International Development which sponsored the mercy mission figures its costs to the taxpayers will run between \$40,000 and \$50,000. Baylor donated its help, thus keeping down the cost.

The gain to Uncle Sam's image can be guessed from some of the newspaper comment in Guiana. One newspaper voiced gratitude for the aid given "in spite of all the abuse poured on the United States by our premier... Thank you—Mr. Kennedy! What a government!"

Kick Spots Lost Sack With \$7,410
COLUMBUS, Ga. (AP)—An unidentified Columbus man almost broke a toe finding \$7,410.

Noticing a bag lying on a sidewalk Thursday, he gave it a hefty kick. The bag didn't budge.

Then he discovered the bag contained money, including lots of coins. He and a companion dragged the heavy bag to a telephone and called police.

Arriving about the same time as police was an embarrassed Brinks, Inc., driver who had overlooked the sack while loading several others into an armored truck a little earlier.

OUT OUR WAY

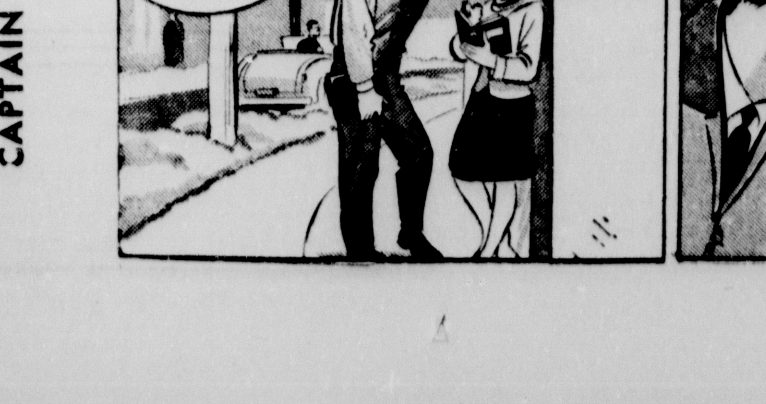

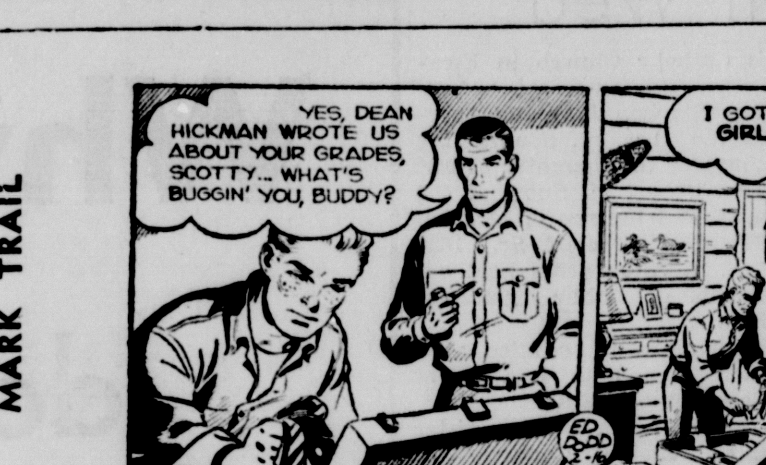

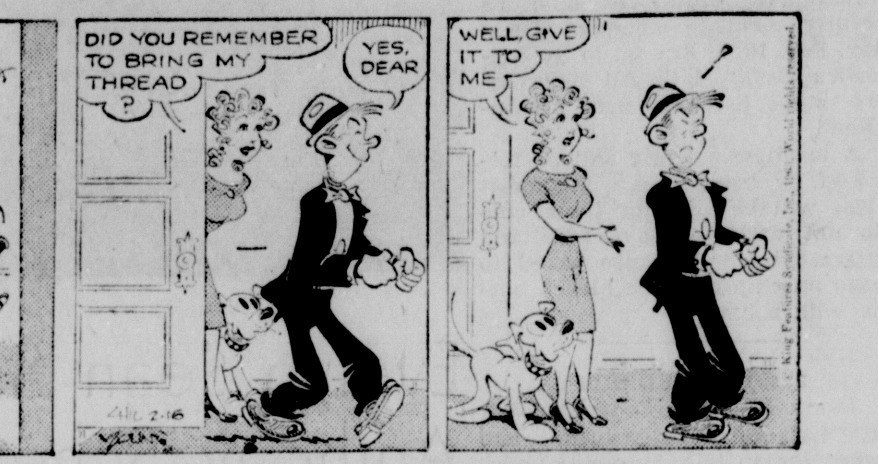

by J. R. Williams OUR BOARDING HOUSE with Major Hoople

HEROES ARE MADE—NOT BORN

OUR BOARDING HOUSE

with Major Hoople

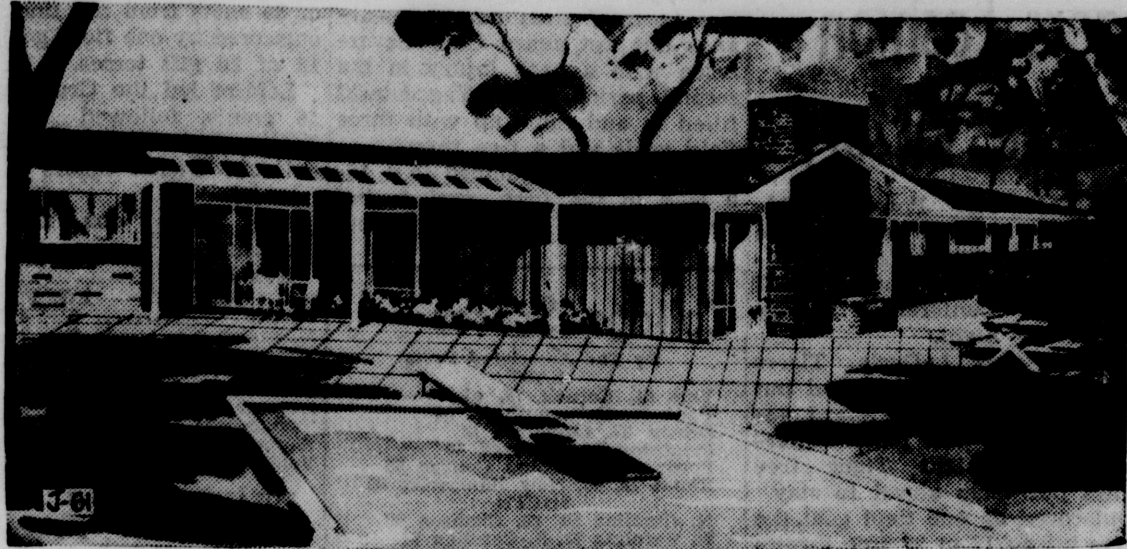

Y-Shape Has Individuality

One way to look at it: This modified Y-shape house is attractive from any of its eight sides, each of which was designed as a front elevation. In this position the garage faces the street,

with the front entrance angled to the left. House contains three bedrooms and 2½ baths.

Attractive from any angle: Directly opposite the foyer, the living and dining rooms present an equally pleasing exterior view. The projecting living room, with its fireplace also providing an outdoor barbecue, forms the stem of the rough Y-shape of the house. The bedroom wing extends to the right; the housekeeping wing to the left.

An exterior of eight faces, each more attractive than the next, not only gives this house the individuality every home owner seeks but makes it a practical investment for a host of common-sense reasons.

It's a one-story home with three bedrooms, 2½ baths and all the essential features required for modern living — family room, a large kitchen with breakfast bar, living room with a grand fireplace, roomy dining room and an abundance of large closets, and storage space.

But it also has a variety of features you wouldn't expect in a house of only 1,561 square feet of basic living area, features resulting directly from its unusual and distinctive design.

The layout is roughly in the shape of a Y, with the base at the living room projection, the bedroom wing representing one arm and the housekeeping wing the other.

Its creative designer is architect Samuel Paul. It is design J-61 in the House of the Week series.

Each of its eight sides was designed as a front elevation, Paul said, so that the house can be

J-61 STATISTICS

A one-story house of modified Y-shape containing seven rooms in a basic area of 1,561 square feet. Laundry and lavatory contain 76 square feet; one car garage would add 231 square feet.

Living room and bedroom wing, at widest point, total 35'9" wide by 33'6" deep. Housekeeping wing, at 45-degree angle, is 54'5" wide by 27'10" deep in two-car garage design. One-car design reduces width 9'.

positioned on a lot any way you choose. Even a lot as narrow as 60 feet can accommodate this house. But mainly it was designed so the builder can take advantage of the angle of the street, any big trees that might be on the lot, the slope of the terrain, the direction of the sun and so forth.

The exterior presents a sleek, long and handsome silhouette on all sides. Openings in the front of the hip roof and a built-in rear trellis add an interesting play of shade and shadow to the well balanced facade of brick veneer and vertical siding.

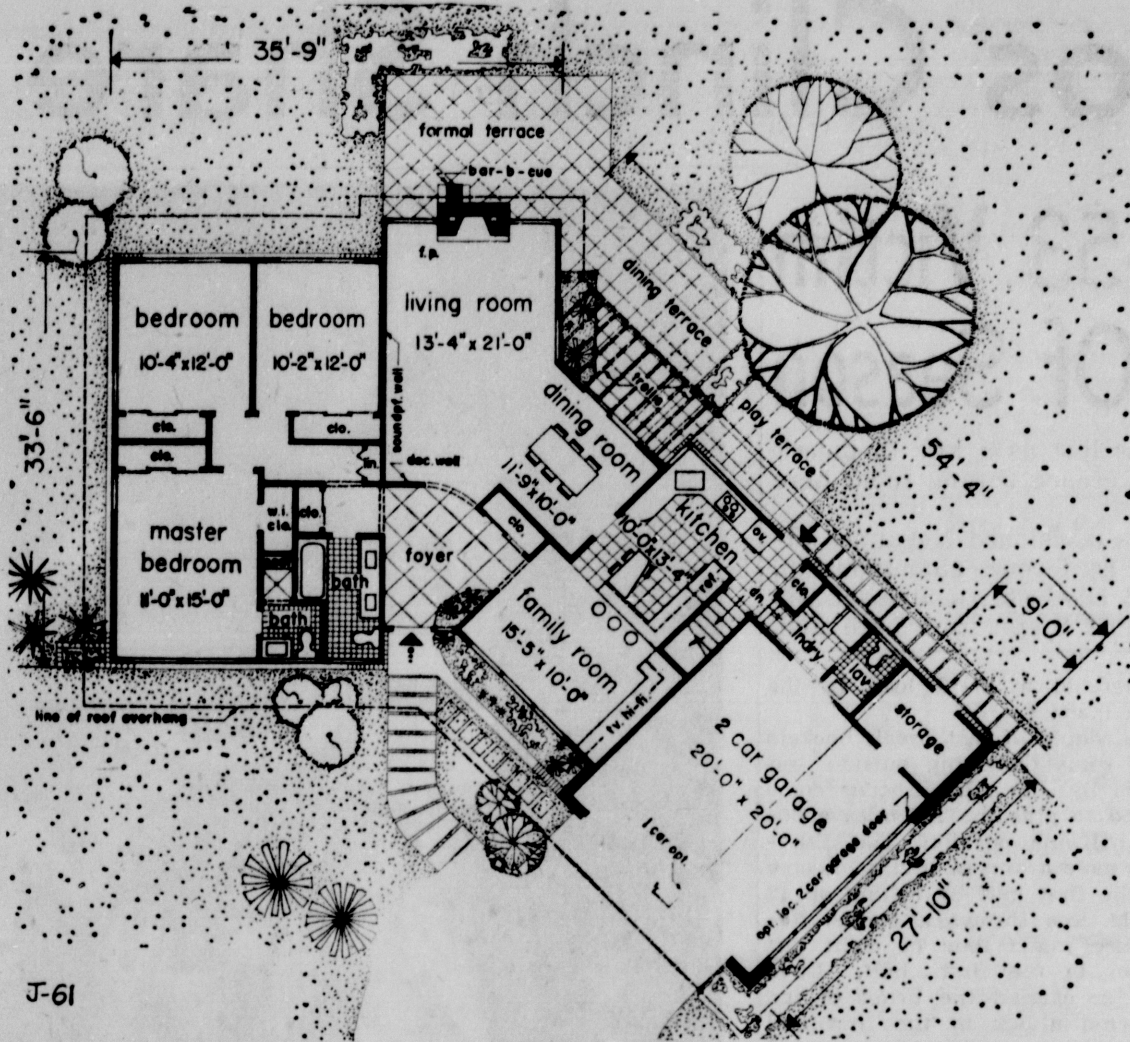

Outdoor facilities, important adjuncts to any up-to-date house, include three continuous terraces off the kitchen, dining and living rooms. Sliding doors from the dining room open onto a trellised dining terrace.

Additional Details

Architect Paul suggests you get a detailed plat of your lot drawn to the same scale as the floor plan of this house as it appears in the J-61 study plan. Then try positioning a cut-out of the house on the lot in various ways until you come up with the combination you like. He has included several alternate schemes for lot size and orientation on the study plan to give you a few professional ideas.

No matter how you place it, it will look attractive from the street—a feature which should be welcome to every home buyer who has struggled with the restrictions on design imposed by lot size and shape.

Another alternate feature of this house is the size of the garage. You can have either single or double size without affecting

Floor Plan: Any lot 60' wide and up will accommodate this house. The total basic living area is 1,561 square feet with the laundry and lavatory occupying another 76 square feet. The garage can be either one or two-car size without upsetting the architectural balance. There are 33 linear feet of closets in bedroom wing.

Are Home-Buyers Getting Lazy?

AP Newsfeatures

Are do-it-yourselfers getting lazy? Or are they so well-heeled that they can't take those king-size blisters? Whatever the reason, fewer home handymen in a certain suburban do-it-yourself area are building their own homes or even refinishing house shells.

"In 1955 we built twice as many house shells or partially completed homes as finished homes," explains Gerard B. Eagen, vice president of New England Homes, a home - brokerage organization. "But in 1962 we built 90 per cent more completed houses than shells."

The shell home includes plumbing, heating and electrical wiring installed, the most difficult phases of home building. It costs one-third of a finished home. A partially finished home includes in addition, a full cellar, cesspool and connection, hot water heater, chimney and footing, exterior decorating, sheetrock, electrical wiring, interior doors and connection to water supply — an 85 per cent completed home.

"People have more money to spend on homes, lenders are more liberal with mortgage money than before, and a more superior-finished home is available for the money, through product develop-

ment and new production methods, so perhaps they are content to have someone else build for them," Eagen points out.

Broker-builders like his organization reduce costs in many ways. They subcontract work to plumbers, heaters, wiring experts and flooring specialists who lay, sand and seal floors. It often doesn't pay for the do-it-yourselfer to be his own home builder.

"Labor costs are reduced as there are no Jack-of-all-trades involved, and the house looks professional. Costs are cut in other

ways too. Insulation may be bought in carload lots, trucked to jobs and installed cheaper than the price a do-it-yourselfer is likely to pay over the counter for the insulation alone," Eagen says. Left to his own devices, the average man wouldn't tackle building a house, Eagen says. He lacks confidence. "It's the woman who wants to buy the shell home, and encourages her husband to finish it. But after the first house many husbands have had it. The next one is on the builder."

One large hurdle the do-it-yourselfer encounters is plastering or applying sheet rock to walls. He chooses sheet rock because it seems easier to apply, but

STEEL IN HOUSE FRAME

NEW YORK (AP)—Steel - frame houses are reported in "Steel Facts," a publication of the American Iron and Steel Institute, as able to be put up faster and maintained cheaper than conventional homes.

One model recently shown has exterior steel wall panels which interlock and a coated steel roof that reflects sunshine for lower air conditioning loads.

In another recent home building project, a composite steel and wood beam uses a piece of light gauge steel with regular 2 by 10-inch lumber to double the load-bearing capacity.

Vibrant Colors Dress Up Home

Newsfeatures

When experts pool their talents as they do at home-furnishings markets, one is likely to get a clearer-than-usual picture of what to use with what.

A person who likes a vibrant orange chair will find it looks terrible when placed next to a white wall. But give it an olive or brown-green background, and the piece mellows.

Winter markets in Chicago and New York clearly pointed to the use of bright upholstery, fabrics and painted furniture, all flattering to new Spanish, Mediterranean and other traditional and contemporary influences.

Bright warm reds, aquamarine Persian pink, lavender, purples, blues from iridescent medium to indigo were found in more upholstered pieces and drapery fabrics than heretofore. So, how to use these colors successfully if you are your own decorator?

For one thing, you'll probably need a new paint job.

Olive-green walls were used to set off a dining room set upholstered in palest melon. Walls in a brown-green range set off

furniture upholstered in orange with another piece covered in a print of an orange - green and tawny brown.

Sometimes one can manage by painting one existing white wall a color so that the room can "take it." This was accomplished in a bedroom setting. A bright red upholstered occasional chair and a bedspread and pillows were of the same bright hue as the wall behind the headboard. The other three walls were left white, and the consensus was that an exciting red-on-red picture was created.

Wall colors were often the same shade as colors in upholstered pieces. This was true of bright blue used in dining, living, den and foyer settings. In some instances a deeper indigo blue or a "hot brown" paint was used.

In one room setting, a hot, true orange was used for both upholstery and one wall. But a little orange can go a long way, and if one is working without a decorator it is wise to temper one's instincts toward vivid walls. It isn't wise, either to have more than one large up-

holstered piece or two small ones in that hue.

Pale lavender walls were used as a background in a room setting where a couch was upholstered in lavender and occasional chairs featured prints in the lavender-blue-green range.

Paint experts say that white walls are definitely out. The trend to darker walls was dramatically emphasized in rooms with black and slate gray walls as a background for furniture featuring melon, orange, red or russet. This makes an effective wall, too, for hanging colorful prints or paintings.

In painted furniture, finishes include antique red, barn and russet red, light blue, pale blue-green, medium blue, yellow, gold, white, white with maroon. Gold and silver stenciling was also featured on antique finishes.

Painted chairs are further dramatized by the use of contrasting hues in cushions, and in some instances these can be dramatic, depending upon where the chair is to be used. Black and white checkerboard patterns are popular for red, white and blue painted chairs.

About 40 per cent of the freshmen who enter American colleges do not graduate.

horse-and-buggy
kitchen?

Join the switch to ALL-ELECTRIC!

An all-electric kitchen is the really modern way to live better. Just look: a shiny electric range, for fast, clean cooking... an electric freezer (or combination refrigerator-freezer) to keep fresh foods handy... a waste disposer, electric, of course... an electric dishwasher, to handle that unpopular chore... and many wonderful small electric appliances.

That's what you'll have in an all-electric kitchen—better living... electrically!

Eskymos Clinch Share Of Great Lakes Crown

Negaunee 61-53 Victim In 13th Win Of Season

Escanaba used the free throw line as a key to unlock the door to the Great Lakes Conference throne room here Friday night.

Coach Harold Johnson's cagers decided Negaunee 61-53 to clinch at least a share of the conference championship. The victory was their 10th in 12 GLC starts and set the stage for their season finale against Stephenson here Feb. 26. A victory in that contest would give Escanaba sole possession of the crown.

The Eskymos parlayed superior height and deadly accuracy from the foul line into their 13th victory overall this season. Outscored by two field goals, 24 to 22, the Eskymos poured 17 of 23 gift shots through the nets. Negaunee hit on five of 11 from the line.

Escanaba's height was a vital factor in the game. The hosts had a big edge off the boards and Negaunee was forced to dig for possession, committing 17 fouls in the process. The Eskymos were whistled for nine personals, only three of them coming in the second half.

Negaunee worked a press against the Eskymos through most of the game and it worked in the early stages as the Miners

moved to a 15-13 lead in the first quarter.

A couple of fast break buckets and some damaging outside set shots by Jim Almonroeder combined to give the Eskymos a 30-26 halftime cushion. The Eskymos gave a hint of things to come in the first half by hitting on 12 of 14 free throws attempts. Negaunee made four of eight gift tosses in the first half. Dave Hunter carried the brunt of the Eskymo attack in the first and second frames with 12 points and Jim Carlson contributed 10 for the Miners.

Although the Miners didn't lose a player through personals, the fouls began to hurt them in the third period with Carlson drawing his fourth early in the quarter. Mike Lenten, 6-2 Miner rebounder, picked up his fourth early in the final period.

Richie Kent, slick Negaunee guard, put on a neat one-man scoring exhibition in the second half, hitting seven field goals to keep his club in contention until the closing minutes.

But Eskymo guard Ron Gauthier, scoreless in the first half, pumped in 13 points to lead his mates down the stretch. The Eskymos led 43-40 entering the fourth quarter.

Negaunee rallied to narrow a 53-45 deficit to 53-51 with three minutes to go but Howard Porath, Gauthier and Almonroeder put the Eskymos out of reach with three field goals to make it 59-51 with 45 seconds remaining. A pair of free throws by Gauthier clinched it.

The Escanaba scoring was evenly divided with four starters in double figures. Hunter and Almonroeder tallied 14 points each. Gauthier added 13 and Schultz 11. Ken Seibert scored seven points before suffering an injury in the opening minute of the third period.

Kent took individual scoring honors for the night with 22 points and registered four of his team's five free throws, missing on six other attempts. Carlson was the only other Miner in double figures with 14 points.

Negaunee won the freshman preliminary game 38-37.

Trenary Explodes For 112 Points; Rockets Stymied

TRENARY—Coach Steve Ellis' Trenary Comets, a team that had reached the 80s only twice previously this season, exploded for a new season scoring record in the Upper Peninsula with a 112-63 victory over Rapid River in Central League action here Friday night.

The Comets gave no indication

of things to come when they missed their first eight shots in the game. But from then on it was nothing but buckets as Trenary zoomed to a 23-14 lead at the end of the period.

Ellis used all eight of his cagers freely and five of them registered in double figures, led by Roy Aho with 30 points and Gary Flynn with 29.

Hitting on over 50 per cent of their field goals, the Comets were just as hot from the free throw line where they flipped in 24 of 35 opportunities.

Top-scoring individual effort of the day was turned in by Cliff Williams of Detroit Southwestern, who netted 61 points in an 86-60 triumph over Detroit Chadsey.

In the Champion-Brimley contest, Brimley took a 12-10 first period lead, only to see Champion come back and lead 43-42 after three periods.

Champion then extended its lead to eight points, 54-46, and had to hold on as Brimley scored 12 points, to two for Champion, in the last two minutes, but just couldn't catch up.

Four teams scored over 100 points, with Trenary topping the list with a 112-63 victory over Rapid River. Others over the century mark were Birch Run, 104-66 winner over Michigan School for Deaf; DeWitt, which scored a 101-58 triumph over Ovid, and Hamtramck St. Ladislau, 101-42 victor over Detroit St. Catherine.

The victory was Hermansville's 14th of the season against 135 setbacks and put the Redskins out of reach of the rest of the league.

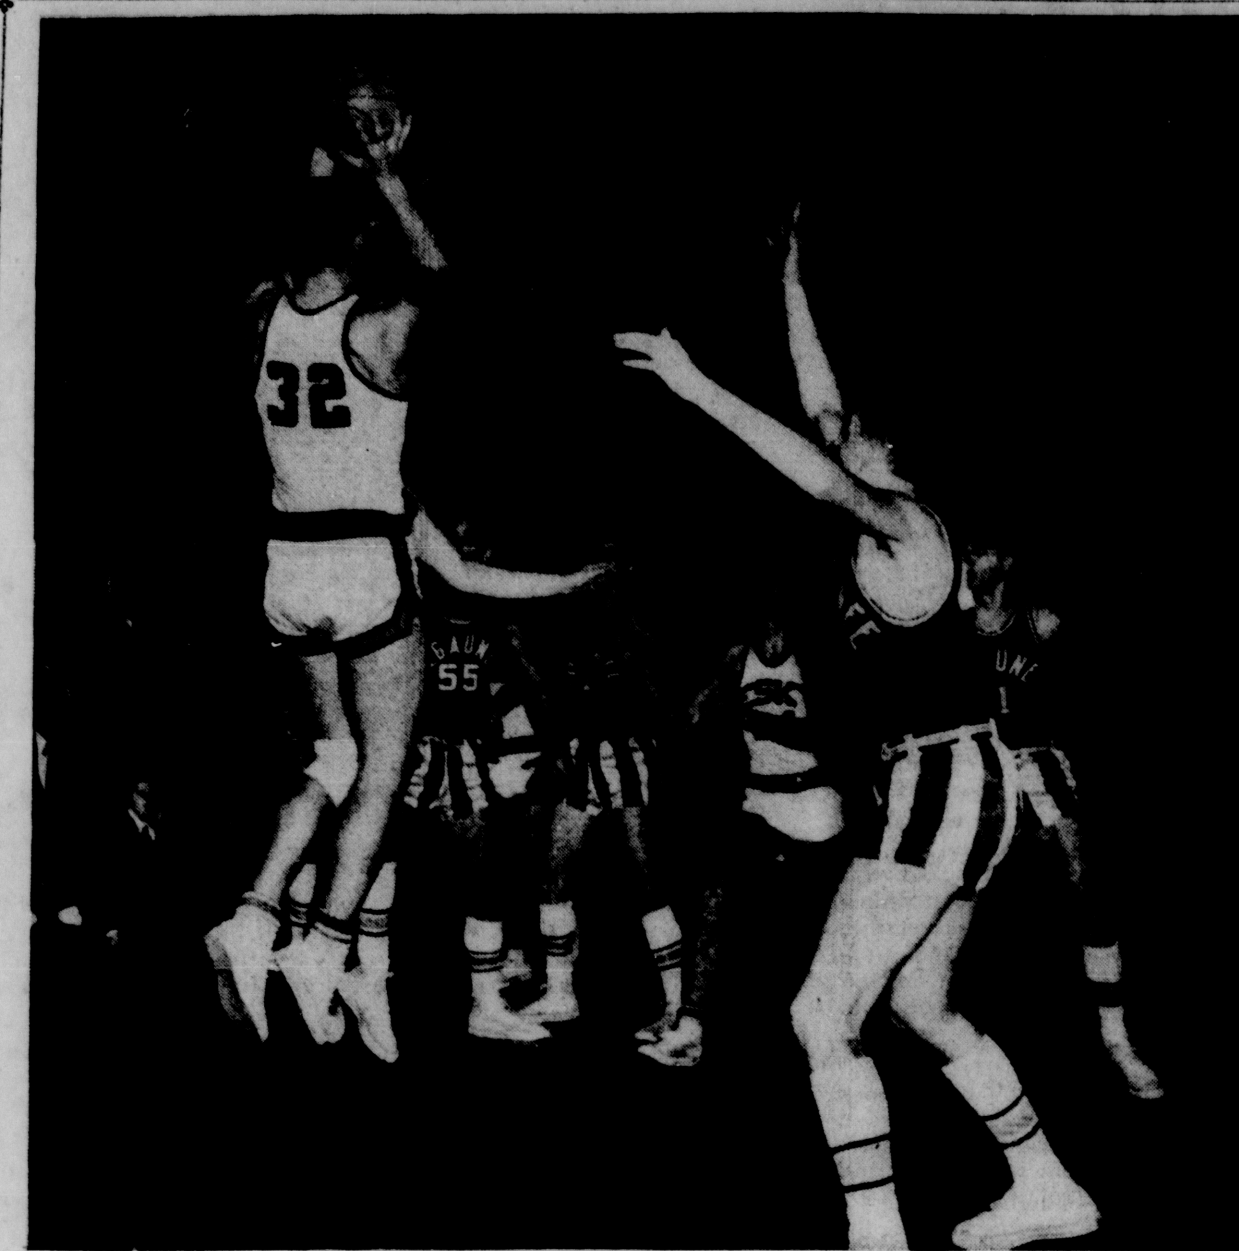

For Hill, this was his sixth conference championship in 11 years at the Hermansville post.

The Redskins had little trouble sidelining the Railroaders last night. They moved out to an 18-8 lead at the end of the first period and were never threatened.

The Redskins pumped in 34 of 77 shots from the field for 44 per cent and added 12 of 22 from the free throw line.

Hill made good use of his reserves, substituting freely in the contest. He used all 11 of his players and they all contributed to the scoring total.

Bob Smith set the scoring pace

Guard Ron Gauthier jumps for a two-point shot in the fourth quarter of the Escanaba-Negaunee game here Friday night. Gauthier scored 13 points, all in the second half, as the Eskymos defeated the Miners 61-53 to clinch at least a share of the Great Lakes Conference championship. (Daily Press Photo)

Braves Cement Grip On GLC No. 2 Spot

MANISTIQUE—The Gladstone Braves fought off a last minute charge by the Manistique Emeralds here Friday night to fashion a 61-58 Great Lakes Conference victory.

Coach Bill Wood's cagers tightened their grip on second place in the GLC race with the triumph. The Braves have an 8-3 record with two games remaining against Soo and Munising, both on the road.

Accuracy from the free throw

line paid off for Gladstone as the Braves hit on 21 of 28 gift shots to 8 of 18 for the Emeralds. Manistique outscored Gladstone 25 field goals to 20.

The Braves pulled out to a 15-13 margin in the first period, spread it to 31-26 at the half and 47-39 entering the final.

Coach R. U. Brandstrom's Emeralds made their bid for victory in the fourth quarter. They rushed into a 58-57 lead in the closing minutes of the contest but bowed when Tom Vanlerberghe hit a field goal and Len Sabourin a pair of free throws to close out the scoring. Sabourin put the game out of reach with his gift tosses with five seconds remaining.

He was Gladstone's leading

free shooter with seven conversions, one less than the entire Manistique output.

The Braves had a slim 44-40 edge in rebounding with big Tom Domres capturing 22. Mike Dissinger was the big man on the boards for Manistique and took individual scoring honors for the night with 22 points. Jon Cameron was the only other double figure scorer for the Emeralds with 15.

Gladstone flashed a balanced scoring attack headed by Vanlerberghe with 17 points. Sabourin followed with 13 and Domres and Bob Randall chipped in 11 apiece.

Both teams hit 37 per cent of their field goal attempts. Manistique won the jayvee preliminary game.

Hermansville Snares Title In Big Eight Conference

CHANNING — Coach Don Hill's Hermansville Redskins captured their third straight Big Eight Conference basketball championship here Friday night by disposing of the Channing Railroaders 80-46.

The victory was Hermansville's 14th of the season against 135 setbacks and put the Redskins out of reach of the rest of the league.

For Hill, this was his sixth conference championship in 11 years at the Hermansville post.

The Redskins had little trouble sidelining the Railroaders last night. They moved out to an 18-8 lead at the end of the first period and were never threatened.

The Redskins pumped in 34 of 77 shots from the field for 44 per cent and added 12 of 22 from the free throw line.

Hill made good use of his reserves, substituting freely in the contest. He used all 11 of his players and they all contributed to the scoring total.

Bob Smith set the scoring pace

for Hermansville with 24 points while Ron Povoilo tallied 17 and Joe Arnold 12.

Channing failed to get a player in double figures.

With the Big Eight crown in the trophy case, the Redskins will close out their season with two non-conference games. They en-

Holy Name Defeats Gwinn For 7th Win

The Holy Name Crusaders pulled over the 500 mark for the season with a 63-57 victory over the Gwinn Model Towners here Friday night.

The triumph was the seventh in 13 starts for Coach John Butrymowicz's cagers who will close

out their regular season with trips to Kingsford, Norway and Crystal Falls.

A great rebounding performance by Tim LeMire and Frank Stupak highlighted the Holy Name game. They combined to sweep the boards 33 times, with LeMire pulling down 17 and Stupak 16.

Butrymowicz started five seniors in their final home appearance but lost guard Gary Severinsen with a back injury in the second period. Ben Yagodzinski filled in and came up with three field goals and a free throw.

The Crusaders jumped to a 16-9 lead in the first period but were forced to fight off a Gwinn

comeback in the late stages of the game. The Model Towners tied the score at 43-43 but Holy Name hit a field goal to lead 45-43 entering the final period.

Holy Name pulled steadily away through the final quarter, outscoring the Model Towners 18-14 down the stretch.

The Crusaders hit 39 per cent of their field goals and added 19 of 34 shots from the line. Gwinn, outscored by one field goal, hit on 15 of 20 gift tosses.

LeMire led the Crusaders with 16 points, followed by Frank Trotter with 12. Fallon's 15 points led four Gwinn cagers in double figures.

Holy Name won the jayvee preliminary.

Cooks Defeats Bronco Cagers

BARK RIVER—Outscored by five field goals, Coach Norman Jahn's Cooks Clippers used the free throw line as a springboard to victory over the Bark River-Harris Broncos by a 69-61 margin in Central League action here Friday night.

The Clippers pumped in 27 of 36 foul shots while the Broncos were hitting on 9 of 18. Bark River-Harris, playing its best game of the season, outscored Cooks 26 goals to 21.

Cooks overcame a 36-32 deficit at the half with Phil Hartman leading three double figures scorers with 20 points. Tom Zawacki paced the Broncos with 16 before fouling out midway in the fourth quarter.

Mile, High Jump Records Smashed For Indoor Meets

NEW YORK (AP)—Jim Beatty, who is not one to shoot for the impossible, confided today that his next ambition is to break Peter Snell's 3:54.4 world mile record.

"And," added the little running wizard from the Los Angeles Track Club, "I hope to do it this year."

Beatty shared the spotlight in the New York Athletic Club meet Friday night with Russia's Valery Brumel when he smashed his own indoor mile record with a fine 3:58.6 performance. Young Tom O'Hara of Loyola of Chicago, who pushed Beatty all the way, was caught in 3:59.2.

As for Brumel, he pushed his indoor high jump record to 7 feet, 4 inches, adding a half inch to the mark he set two years ago. He missed once at 7-2, but when the bar was upped to 7-4, over he sailed on the first try—almost like a swan landing in a lake.

But he wasn't particularly pleased. He missed his No. 1 rival, John Thomas, who beat him for the first time last week.

"It's too bad John was not here," he said. "We both would do better with the competition."

Thomas, along with broad jump-

er Ralph Boston, competed in the San Francisco meet Friday night. Ter-Ovanesyan wound up winning the broad jump with a so-so leap of 25-6. 3/4.

Beatty, who led most of the way while a Madison Square Garden crowd of 15,176 yelled itself limp, was high in his praise of O'Hara.

"He deserves a great deal of credit," said the 28-year-old 5-6 insurance adjuster. "He has great heart and lacks only experience."

So now the indoor sub-four-minute-mile club has three members—Beatty, O'Hara and East German Seigfried Herrmann. Beatty's former indoor record was 3:58.9, set last year. Beatty's quarters were 59.9, 2:00.2 and 3:00.7.

Rolando Cruz of Villanova won the pole vault with a 16-footer, his second in two weeks, and 272-pound Gary Gubner of New York University captured the shot put with a 63-4 1/2 heave. Phil Crothers and Bruce Kidd of the East York Track Club, Toronto, remained undefeated for the season. Crothers won the Matt Halpin half in 1:51, and Kidd ran the second fastest indoor two-mile of all time, 8:39. Only Murray Halberg's 8:34.4 is better.

Hank Bassen of the Red Wings literally has his eyes on the puck as it whizzes by the goaltender at the Boston Garden. The disk was above the net.

Former Pitcher Hadley Is Dead

LYNN, Mass. (AP) — Irving (Bump) Hadley—dogged by shadows like the errant pitch which ended the playing career of Hall of Fame catcher Mickey Cochrane—is dead.

A major league pitcher for 16 years, Hadley died Friday of a heart ailment in Lynn Hospital at the age of 59. He had been a resident of nearby Swampscott.

From 1926 through 1940, the 5-foot-11, 180-pound right-hander performed for Washington, St. Louis, Chicago, New York and Philadelphia in the American League and had a brief stint with the New York Giants of the National league in 1941.

Hadley's lifetime mound record of 161-165 included a dark day in May of 1937 when he accidentally hit Detroit's Cochrane on the head with 3-2 pitch. Cochrane was near death for many days and when he recovered he became a non-player.

Hadley had radio and television sports programs in the Boston area following his baseball career and also served as a scout for the Yankees.

It was as a New York pitcher in Yankee Stadium that Hadley hit Cochrane.

Hadley broke in with the Washington Senators in the last years of Walter Johnson. As a Senator in 1931, he led the American League in most appearances by a pitcher with 55.

"Baseball is a good life in the majors, regardless of where you are playing," Hadley said.

Funeral arrangements are incomplete. Hadley is survived by his widow, Jessica, a son, Irving L., a soldier stationed at West Point, and a daughter, Mrs. Henry D. Stephenson of Medfield, Mass.

Aguirre Is Early At Tiger Workout

LAKELEND, Fla. (AP) — The American League's stingiest pitcher, his earned run champion, has something to prove to himself.

Hank Aguirre reported to the Tigers' early camp five days before schedule today with a haunting doubt.

"Was I a one-year flash in the pan?" Aguirre wondered. "Sure, it's bothering me. It might have been a lucky year or it might have been real."

"Who knows? We're going to find out. This is the first time I ever came here with a spot on the staff."

Aguirre enjoyed his only successful major league season last year at 30. His 2.21 ERA was the major league's best. And his 16 victories more than doubled his total accomplishment in seven previous major league seasons. He even had two base hits—his only hits in three years.

"I'm not satisfied because I got a big raise. I'm not in orbit because I had a good season," said the Detroit left hander. "I'm not a star. I'm just a guy trying to win a job."

"And if my arm is fine and I'm healthy, I don't see why there should be any difference from last year."

gurre and 19 game winner Jim Bunning are the only pitchers all set this early in Manager Bob Scheffing's starting rotation.

Aguirre was given his chance when Frank Lary hurt his shoulder. He ended up in the All-Star game and was the season's only pleasant surprise in Detroit.

"All I know is if I get three hits this year," said the .027 hitter, "is I'll have a helluva season. It means I'll pitch all year."

Lary gave his ailing shoulder its first trial against batters Friday in the early camp. He pitched for 10 minutes and again threw freely without pain.

The Tigers played their first international exhibition game today with the visiting Hanshin Tigers.

Wichita Tackles Tough Cage Task

By The Associated Press
Wichita's task tonight is just as difficult as it sounds. The Shockers are going to try to corner Cincinnati in the Roundhouse.

The Roundhouse is the nickname of the Wichita Field House, site of tonight's clash between unbeaten Cincinnati, the nation's top-ranked college basketball team, and the hopeful Shockers.

"We feel our chances of winning are good," Wichita coach Ralph Miller said. "Talent-wise this club doesn't overpower us. But we certainly will have to play our best ball game to win."

Cincinnati goes into the game with a 20-0 record this season, two straight NCAA championships under its belt and a 37-game winning string, which equals the third longest ever by a major college.

Wichita, however, snapped a Cincinnati string of 27 last season—the last time the Bearcats visited the Roundhouse—and Miller insists it can be done again.

The Shockers, 15-6 for the season, may be without the services of Wayne Miller, their No. 2 scorer. He's carrying a bruised shoulder and his status won't be determined until game time.

Cincinnati, led by Ron Bonham and Tom Thacker, whipped Wichita 63-50 in Cincinnati earlier this season, but the return match rates as the major stumbling block remaining on the Bearcats' regular season schedule.

Fifth-ranked Arizona State University stormed from behind and beat Utah 83-78 at Salt Lake City, California surprised tenth-ranked Stanford 61-60 at Stanford and

SPECIAL SCHOOL ELECTION
NOTICE OF SPECIAL ELECTION OF ESCANABA AREA PUBLIC SCHOOLS DELTA AND MARQUETTE COUNTIES, MICHIGAN TO BE HELD FEBRUARY 18, 1963

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:
Please Take Notice that a special election of the qualified electors of said School District will be held in said District on Monday, February 18, 1963.

THE POLLS OF ELECTION WILL OPEN AT 7:00 O'CLOCK A.M. AND CLOSE AT 8:00 O'CLOCK P.M. EASTERN STANDARD TIME.

The following propositions will be submitted to the vote of the electors qualified to vote at said special election.

I. Shall Escanaba Area Public Schools, Delta and Marquette Counties, Michigan, borrow the sum of not to exceed One Million Three Hundred Fifteen Thousand Dollars (\$1,315,000) and issue its bonds therefor, for the purpose in part of erecting, furnishing and equipping three new elementary schoolhouses (one of which is to replace the existing Franklin School and another is to replace the Washington and Jefferson Schools and a third to be located on the south side of Escanaba, remodeling the Wells Central School and erecting, furnishing and equipping an addition thereto; erecting, furnishing and equipping an addition to the Lemmer School and erecting, furnishing and equipping an addition to the Pine Ridge School and the Junior High School; and acquiring additional land for site purposes; and in part of retiring by redeeming the outstanding bonds of former Ford River Township School dated January 1, 1956 for which other funds are not available?

Each person voting on Propositions I and II, of borrowing and issuing the bonds of said school district, of assuming the unlimited tax bonded indebtedness of former Cornell Public School, must be a citizen of the United States, above the age of 21 years, and resided in the State of Michigan six months and in the School District 30 days preceding the election, and have property assessed for taxes within the School District or be the lawful husband or wife of a qualified voter of the district having property so assessed.

Only persons registered as electors in the city or township in which they reside are eligible to vote. THE VOTING PLACES ARE AS FOLLOWS:

PRECINCT NO. 1
Voting Place - Carnegie Public Library Building, corner of 1st Avenue and 7th Street, Precinct No. 1 is identical with the City Precinct No. 1.

PRECINCT NO. 2
Voting Place - Basement of Franklin School Building, entrance on 2nd Avenue South, Precinct No. 2 is identical with the City Precinct No. 2.

PRECINCT NO. 3
Voting Place - Webster School, City Hall Building, corner of 11th Street and 1st Avenue South, Precinct No. 3 is identical with the City Precinct No. 3.

PRECINCT NO. 4
Voting Place - Basement of Jefferson School Building, corner of 11th Avenue South and 15th Street, Precinct No. 4 is identical with the City Precinct No. 4.

PRECINCT NO. 5
Voting Place - Junior High School Building, room adjoining entrance, corner 1st Avenue North and 15th Street, Precinct No. 5 is identical with the City Precinct No. 5.

PRECINCT NO. 6
Voting Place - Multi-purpose Room, John A. Lemmer School, 700 South 20th Street, Precinct No. 6 is identical with the City Precinct No. 6.

PRECINCT NO. 7
Voting Place - Fire Station No. 2 on Sheridan Road, Precinct No. 7 is identical with the City Precinct No. 7.

PRECINCT NO. 8
Voting Place - Webster School Gymnasium, entrance on 12th Avenue North, Precinct No. 8 is identical with the City Precinct No. 8.

PRECINCT NO. 9
Voting Place - Room adjoining South entrance to Old High School Building, 9th Avenue North and 11th Street, Precinct No. 9 is identical with the City Precinct No. 9.

PRECINCT NO. 10
Voting Place - Wells Central School Building, Wells Township, Delta County, Precinct No. 10 consists of all territory of the School District in Wells Township, Delta County, and is identical with the boundaries of former Wells Public Schools.

PRECINCT NO. 11
Voting Place - Multi-purpose Room of Ford River School, Ford River Township, Delta County, Precinct No. 11 consists of all territory of the School District in Ford River Township, Delta County, and is identical with the boundaries of former Ford River Township School.

PRECINCT NO. 12
Voting Place - Cornell School, Cornell Township, Delta County, Precinct No. 12 consists of all territory of the School District in Cornell Township, Delta County and Wells Township, Marquette County, and is identical with the boundaries of former Cornell Public School.

Take Notice that the Board of Education has estimated that it will be necessary to borrow the amount of One Million Three Hundred Fifteen Thousand Dollars (\$1,315,000) and issue the bonds of the district therefor, in order to provide the necessary funds to erect, furnish and equip three new elementary schoolhouses (one of which is to replace the present Franklin School and another is to replace the Washington and Jefferson Schools and a third to be located on the south side of Escanaba); remodel the Wells Central School and erect, furnish and equip an addition thereto; remodel the Lemmer School and erect, furnish and equip an addition to the Pine Ridge School; and the Junior High School; acquire additional land for site purposes; and to refund the bonds of former Ford River Township School dated January 1, 1956 for which other funds are not available.

This notice is given by order of the Board of Education of Escanaba Area Public Schools, Delta and Marquette Counties, Michigan.

Attest: Arlo Beck
Secretary, Board of Education

Status Assured By Corn Plaster

By HAL BOYLE
NEW YORK (AP)—The poor man's philosopher says:
In public life today it is no longer enough to have a bleeding heart. Your feet have to bleed, too.
The corn plaster has become the new status symbol for political integrity in the nation's capital.
A man used to say he'd walk a mile for his favorite cigarette. Now he has to walk 50 miles to prove he's physically fit to serve his country.
Pavement patriotism seems to be sweeping Washington, D.C., like wildfire. Every bureaucrat who hasn't made plans to complete a 50-mile loyalty health hike has to publicly admit he has flat feet or be put down as a coward.
Counting the Bunions
They say the area around Foggy Bottom is thronged with so many limping casualties the place looks like Gettysburg on the second day of the battle.
Is this what President Kennedy meant when he said we'd have to let the country moving in the 1960s? Somehow we'd hoped it would be done on wheels.
This whole problem of whether you can measure the efficiency of a government by the number of bunions on the feet of elected and appointed officials raises a number of interesting questions such as:
Will it result in a pedestrian administration?
How fast of foot will lobbyists have to be to keep up with legislators on the hoof?
Isn't it enough to ask a politician to run for public office? Is it fair, after he wins, to expect him to go on a long walk to hold his job?
On the March!
Instead of arranging to meet a congressman in his office, will you have to get a copy of his hike route from his secretary and hope to catch up with him at an intersection?
Politics has always had its obstacle courses, but already some of the sore-footed faithful have been rumbling about using the 50-mile hike as the sole test of fitness.
Some have suggested swimming the Potomac both ways. Others have expressed the view it is more important for a member of the Supreme Court to be able to pole vault over any obstruction than to walk 50 miles.
Be that as it may, the New Frontier is building a stronger, harder breed of public servant. The government is on the march.
Hup, two, three, four! Hup, two, three, four! Keep going, men—the next foot powder station is only 300 yards ahead.
Live dangerously, if you wish, but don't do it on the highways.

Replace the Franklin School

The present building was constructed in 1882. It has served as a senior high and junior high school (anyone who was graduated in the first class would be nearly 99 years old now.)

The building is unsafe and impossible to heat and ventilate properly.

Replace Washington and Jefferson Schools

The Washington School was built in 1899 and the Jefferson in 1902. Both schools are crowded. It is impossible to heat and ventilate them properly.

Up-To-Date Facilities at Webster

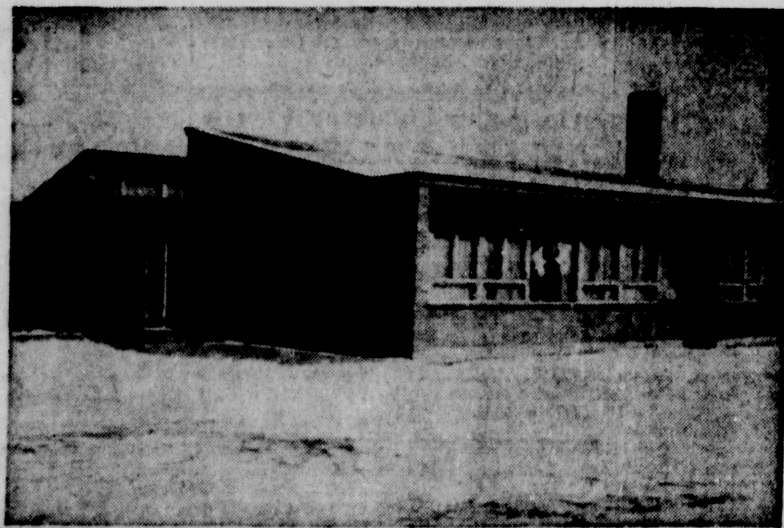

The building is sound but does need considerable work to prevent further deterioration.

For Soo Hill All-Purpose Room & Provide 3 Additional Classrooms

Two basement rooms are now being used for elementary classrooms. Neither of these was designed for classroom use. First grade pupils must use washroom facilities in another building.

Provide 2 Additional Classrooms at John Lemmer

We should have all special education (oral deaf, orthopedic, non-graded) rooms in one school building. Class size should be reduced in a school which also has special education pupils in its regular classrooms.

Additional classrooms would provide for growth west of 23rd Street.

SCHOOL BOND ELECTION

VOTE **YES** MONDAY

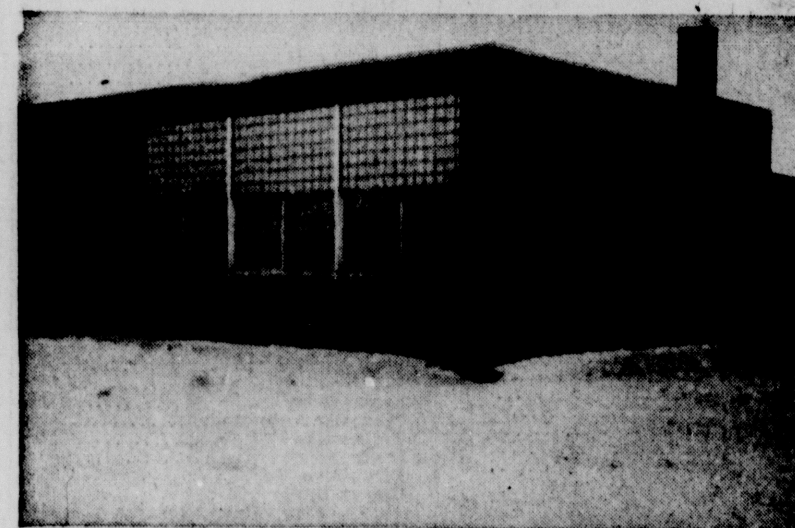

On Both Propositions

\$1,315,000 is LESS than 75c per month for the average taxpayer.

EQUAL OPPORTUNITIES
for ALL our CHILDREN

EQUAL TAX RATES
for ALL our AREA

For Wells Central Provide 4 Additional Classrooms & All-Purpose Room

This year it was necessary to bus sixty-one pupils from the Wells Central attendance area to the Webster School because of lack of space.

Provide A South Side School

Youngsters from the south part of Escanaba are now being bussed to the Franklin School

Provide an All-Purpose Room at Ford River

The cafeteria at Ford River is not large enough for a physical education program. An all-purpose room at Ford River is included in the project.
